## BLIZZARD MOVES EASTWARD: CHICAGO DIGS OUT

### SUNDAY FAIR IS VOTED BY LEE CO. ASSN.

Directors Decide To Run Annual Show Over Sabbath

(Special to The Telegraph)

Amboy, Ill., March 27.—Lee County's twenty-first annual fair will be held at Amboy this year from Wednesday to Sunday, inclusive, August 20 to 24. This decision was reached at a meeting of the executive committee of the fair association Monday evening. The week chosen for the fair here is the same as that during which the Lee County fair has been held in past years. The only difference is that the fair will open Wednesday this year instead of Tuesday and for the first time in the history of the association, it will be carried over to a Sunday fair, instead of closing Saturday night as in former years.

The fair association was placed in a difficult position with regard to the selection of the dates for this year's fair. Secretary S. W. Pettigrew explained. The Winnebago association last November set the dates for this year's fair at Peatonica for August 20 to 24, changing the time for that fair from the last week to the third week in August and conflicting with the regular week used by the fair association of this county. It was at first reported that Princeton was to move its usual fair date ahead one week and that the last week in August would be open for a fair in this section.

**Retain Regular Week.**  
The Bureau county association, however, retained its regular week as in previous years and as a consequence, there was no alternative open to the Lee County association, save to select one or the other of the dates and conflict with either the fair at Peatonica or that at Princeton. The executive committee voted to retain its regular week as well as to extend the date to include a Sunday fair.

Plans were set in motion arranging for the features of the fair program this year. One of them calls for the production of a musical comedy revue to be staged as a big night show before the grand stand. Another calls for the employment of a high class orchestra to play in the grand stand for the afternoon programs to supplant the band programs used in past years.

The speed program will consist of harness horse and running races and will be drawn up within the near future by H. C. Barth, superintendent of this department, and G. P. Finch, assistant. A mammoth auto race program will be featured on one day of the fair. Several other attractions of a highly spectacular nature will be booked.

**New Premium List.**  
Extensive revision of the premium list will be made within the next few weeks by a committee composed of the superintendents of the various departments and President J. W. Larabee.

The local troops of the Boy Scouts will be approached on the matter of patrolling the fair grounds with assistance from a supervising officer or the state police.

With extension of the dates to include a Sunday fair, officers of the Lee County association believe this year's fair will be more elaborate than ever before and that the attendance will be greater than in any previous year of the fair's history.

### Mother Of Three Killed By Suitor

Waukegan, Ill., March 27.—(UP)—Mrs. Myrtle Brown, 28, mother of three children, was shot and killed by Albert Hopper, 41, yesterday. Hopper then committed suicide. The bodies were found by Bertie, 8-year-old son of Mrs. Brown.

The child told police Hopper, who boarded at the Brown home, often made love to Mrs. Brown and threatened to kill her because he was rejected. Mrs. Brown was divorced six months ago. The other children are Aletha, 6, and Harry, 10.

### Oldest Clergyman In Moline Is Dead

Moline, Ill., March 27.—(AP)—The Rev. J. S. Kelly, oldest clergyman in Moline in point of service, having served as pastor of St. Mary's church for more than 32 years, died today after an illness of ten weeks of heart disease.

Rev. Kelly was born at Ottawa, Ill., April 17, 1865 and received his preliminary education in the old St. Xavier school in Ottawa.

## Second Mutiny In Missouri Prison Today

### CONSTITUTION DETERIORATES, BECK STATES

He Denounces Apparent Lack Of Interest By The People

Philadelphia, Mar. 27.—(UP)—The Constitution of the United States is in the process of deterioration rather than growth, Representative James M. Beck of Pennsylvania told the American Philosophical Society last night.

In a denunciation of the apparent lack of interest on the part of the American people, Beck also attacked the so-called flexibility of the Constitution which he said had usurped the powers of the states and made the President "an elective king in everything but name." The Constitution is in reality a living organism, capable of infinite growth and development, he said.

Beck mentioned specifically "the crowning atrocity of the eighteenth amendment" as an illustration of the flexibility.

He illustrated some of the changes which he said had been wrought in 143 years of constitutional development which included: the destruction of the Electoral College, except as an empty form; the perversion of the taxing power, whereby the government assumes powers never granted to it; and the perversion of the power of appropriation.

"Finally," he said, "the crowning atrocity of the eighteenth amendment, which invades individual liberty in a manner at which Washington and Franklin would have stood aghast and which in this respect, relegating the once proudly conscious states to the ignominious position of being mere police provinces."

### Children Locked In House: Die In Fire

Detroit, Mich., March 27.—(UP)—Three children were burned to death here today when fire swept a second floor apartment in which their mother had locked them when she stepped out to visit neighbors.

Mrs. Howard Handin, mother, rushed back to the house, attracted by the flames, but firemen already had broken into the second floor rooms. There they found the bodies of the babies on a living room floor.

Cause of the fire was not determined.

### High School Lovers Killed By Monoxide

Jonesville, Mich., March 27.—(UP)—A three-day search for two young Jonesville high school students ended in a cemetery at the edge of town today.

The bodies of Lowell Durfee, 17, and his 17-year-old sweetheart, Cecile Nye, were found in the boy's automobile. They died from carbon monoxide gas, generated by the idling motor of the car.

### WEATHER

ANY A GIRL WHO WOULD MARRY, IF THE RIGHT MAN CAME ALONG, IS AGED IN THE WOULD!

THURSDAY, MARCH 27, 1930

**Chicago and Vicinity**—Probably fair tonight and Friday, but some cloudiness; continued cold, lowest temperature tonight about 25; moderate to fresh west to northwest winds. Outlook for Saturday and Sunday—Mostly fair Saturday and probably Sunday; some rise in temperature.

**Illinois**—Mostly fair tonight and Friday, some cloudiness; not much change in temperature.

**Wisconsin**—Mostly fair tonight and Friday, some cloudiness; slightly warmer Friday in northwest portion.

**Iowa**—Probably fair tonight and Friday, some cloudiness; slightly warmer Friday in west portion.

**LOCAL REPORT**  
For the 24 hours ending at 7 A. M. today: Maximum temperature, 35; minimum, 25.

### LAST RITES FOR MRS. A. JOHNSON AT HOME FRIDAY

Well Known Dixon Lady To Be Buried In Town Of Her Birth

The funeral of Mrs. Alice A. Johnson, widow of the late Howard Johnson, whose death was announced in last evening's Telegraph, will be held at her home, 312 E. Second street, at 2 o'clock Friday afternoon, Rev. J. Frank Young, pastor of the Presbyterian church, officiating and with interment in the Sugar Grove cemetery.

The death of Mrs. Johnson, a pioneer of Palmyra township and the center of a large circle of friends who will mourn her passing, removes another of those sturdy citizens who did so much to uphold the Palmyra community. The daughter of Walter A. and Hannah Rogers, she was born in Palmyra, Feb. 28, 1853.

In 1872 she was married to Howard Johnson, also of Palmyra, whose brother, Thomas H. Johnson, her sister had married, and immediately after their wedding they went to Colorado to visit the latter. While there Mrs. Johnson taught school for a time, and later she and her husband moved to the vicinity of Ashland, Neb., where they remained until 1876 when they returned to Palmyra, making their home in the township of her birth until about twenty years ago when they moved to Dixon.

This city remained her home until her death and it was in Dixon that Mr. Johnson passed away a number of years ago.

Mrs. Johnson is survived by one son, Edwin H. Johnson of Chicago, and two sisters, Mrs. W. D. Baum of Dixon and Mrs. Thomas H. Johnson of Loveland, Colo. A twin brother, Albion, died at the age of one year.

### Winked At Judge And Got An Extra Month

Springfield, Ill., March 27.—(UP)—Joe Damico, alleged bootlegger, today mourned an impulse that yesterday caused him to wink at United States Judge Louis Fitzhenry, who immediately added an extra month to Joe's sentence for contempt.

Joe had pleaded guilty to two charges of violation of the national prohibition law. He had been fined on one charge and then just as Fitzhenry was about to sentence him on the next count attaches say he winked at the judge.

Fitzhenry fined him \$250 and sentenced him to four months in jail. "I was going to make it three months but he gave me the wink so I added a month for that," said Fitzhenry.

### Mrs. Fred Nazarene Of Rochelle Is Dead

Rochelle, Mar. 27.—Mrs. Fred W. Nazarene died suddenly at her home in this city this morning. Death resulting from a heart attack. Mrs. Nazarene would have been 70 years of age, May 29 of this year. She was the wife of Rev. F. W. Nazarene, retired Methodist minister who served the congregation at Steward in Lee county for several years and who has made his home here. Besides her husband, she is survived by one daughter, Mrs. Ida Brush of Shenandoah, Iowa, and five grandchildren. Funeral services will be conducted from the Rochelle Methodist church Saturday afternoon at 2 o'clock with interment in the Rochelle cemetery.

### \$150,000 Jewel Theft In Chicago This A. M.

Chicago, March 27.—(UP)—Harry Beck, salesman for a Baltimore jewelry company, was held up and robbed of \$150,000 in diamonds on South Wabash Avenue today, he reported to police.

Beck said he was on his way to call on Zlotowitz & Weider, jewelers, when three gunmen forced him into the hallway next to the Moore & Evans firm.

Beck said one wallet contained 80 diamonds and the other 81.

Deputy commissioner Stege was investigating.

### Funeral Saturday For Miss Lazarus

The funeral of Miss Harriet Marcella Lazarus will be held from the Robert R. Phillips residence, 905 Second street Saturday morning at 10 o'clock, Rev. A. Turley Stephenson officiating. The remains will be taken to the East Paw Paw cemetery for interment.

### Terse Items of News Gathered in Dixon During Day

LICENSED TO WED

The following marriage licenses have been issued by County Clerk Fred G. Dimick: Edwin James Bollman of South Dixon township and Miss Helen C. Meyers of Dixon; Harold P. Buckley and Miss Mae D. Smith, both of Freeport.

VISITED MOLINE K. T.

A delegation of Sir Knights of Dixon Commandery, No. 21, Knights Templar have returned home from Moline, where on Monday evening they attended the annual inspection of the Commandery of that city. Past Grand Commander Glen Coe assisted in the inspection.

SPRING VACATION

Superintendent of the Public Schools, I. B. Potter, announces that the annual spring vacation for the public schools will be held all next week, which news will be of good import to all the students in the Dixon public schools.

STRIKE OIL NEAR FARM

W. A. Schuler, who has a farm near Alta, Okla., has received word that oil has been struck west of his hundred and twenty acres. Four miles north of Mr. Schuler's farm three new wells have been opened up with good runs of oil.

POSTPONE EXAMINATIONS

The impassable conditions of roads throughout the east end of the county has halted the regular spring central examinations being conducted by County Superintendent of Schools, I. W. Miller. Because of the interrupted schedule, teachers will be advised of the change in dates for the examinations later.

FREE LECTURE SUNDAY

A free lecture on Christian Science by Paul A. Harsch, C. S. B. member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, Boston, Mass., will be delivered at the Masonic Temple, Sunday afternoon, March 30, at 3 o'clock. The lecture is given under the auspices of the First Church of Christ, Scientist, Dixon, Ill., and the public is invited to attend.

### Amboy Supervisor Likely Chairman

Supervisor Gilbert P. Finch of Amboy, who has served Amboy township as member of the board of supervisors for three consecutive terms, appears to be the likely selection of the board members for the chairman ship when the board convenes next month to organize. Friends of the popular Amboy supervisor who constitute the present board have advanced him for this honor and the prospects point to a very few changes in the personnel at the special spring meeting. As far as is known the Amboy supervisor will have no opposition for the chairman ship. Supervisor Finch has been one of the most active members of the board and has served both as member and chairman of the more important committees.

### Rockfordite Made Escape From Jail

Cedar Rapids, Iowa, Mar. 27.—(AP)—William Claffey, 24, of Rockford, Ill., who escaped while a group of county prisoners were shoveling coal, had not been found by police after an all-night search.

He had been serving a 15 months sentence for illegal transportation of liquor, having been arrested Jan. 2 and committed to jail upon failure to pay a \$1,500 fine.

### Two Men Burned By X-Ray Fuse Blowing

Canton, Ohio, Mar. 27.—(AP)—Two men, including a doctor, were shocked by electricity today in the x-ray room of the Mollie Stark hospital near here when a fuse blew out while they were working on the apparatus, according to officials of the institution. They were not seriously hurt, officials added.

### Derrick Collapsed: Three Men Met Death

Charleston, W. Va., March 27.—(UP)—Three men were killed and three others were injured, perhaps fatally, near here today when a derrick lifting a 100-foot bridge beam slipped from its foundations and sent the beam, with the six men astride it, crashing 70 feet to the rocks below.

### NAVAL PARLEY PLANS PLENARY SESSION SOON

France Re-entered the Meeting With Enthusiasm This Morn

London, March 27.—(AP)—The chief delegates to the naval conference, meeting at St. James' Palace this afternoon decided to hold a plenary session a week from tomorrow. It was expected that the question of some sort security pact for the benefit of the French would come up at that time.

In the meantime important negotiations are understood to be proceeding among the British and French and British and Italians regarding a security pact.

London, March 27.—(UP)—France actively re-entered the London naval conference today in the hope of wresting some degree of Britain's military guarantees she demands as the price of reducing her armament.

Foreign Minister Aristide Briand, once more in London after his visit to Paris, "on domestic political business," went into conference with Arthur Henderson, British Minister of Foreign Affairs.

This was the first of a series of inter-delegation sessions through which the hope of achieving a five-power agreement may be kept alive.

Briand's conversation with Henderson re-opened the naval conference's political aspect, reviving discussions of a Mediterranean pact which almost had been abandoned when the French Foreign Minister left for Paris.

Briand did not conceal his gratification at the turn of events which renewed hope for a five-power agreement which would eliminate the difficult questions of France and Italy by granting some degree of security. The French internationalists admitted, however, there was still much doubt as to whether a satisfactory agreement or treaty could be revised.

Unofficial circles discussed several possible forms for the contemplated agreement, including a special form of arbitration treaty or some form for re-affirmation by England of her League of Nations obligations.

### Britain Prepares To Move In India

London, March 27.—(UP)—Unusual activity in government and revolutionary circles in Bombay led today to the belief that the British authorities are contemplating coming to grips with Mahatma Gandhi in his civil disobedience program, the Daily Express reported today.

Departure of Sir Fredericks Sykes, Governor of Bombay, for Delhi, yesterday, coupled with Gandhi's approach to the salt lagoons of Gujarat, and the decisions of the All-India Congress committee to make the disobedience program nationwide appeared to indicate that the government at last has determined to intervene.

Gandhi's entry into Jalalpur, where he intends to refine salt in defiance of British regulations, probably will be forbidden. If he attempts to disobey the order, he will be subject to arrest.

Although the revolutionary pilgrims are continuing their march, twenty of them are now reported ill. Gandhi is exhorting them to "drink plenty of hot water and trust in God."

### Deaf Woman Leaves Her Ears To Science

Chicago, March 27.—(AP)—Science will get the ears of Miss Abby Hosmer—seventy, wealthy and deaf.

At her death, by the provisions of the old bequest she signed yesterday, Miss Hosmer's ears will go to the Chicago Laryngological and Otolaryngological Society.

Dr. Austin A. Hayden, a prominent member of the society, praised the bequest of Miss Hosmer, who has been deaf since she was seven years old.

"Until medical science can have the opportunity to make microscopic studies of the ears of deaf persons after their death, we shall remain in the dark as to why one out of every ten persons today suffers from this malady," he said.

### Toastmasters Will Meet This Evening

The Toastmaster's club have a very interesting meeting planned for this evening. The principal feature of the program will be addresses by both the new and the retiring officers, including the inaugural address by the new president which promises to be very interesting. The various program committees attempt to out-do each other in providing interesting and instructive talks and the attendance continues to grow so that arrangements are being made for extra tables.

### NATIONAL GUARD FORCES CALLED TO PREVENT RIOT

Prisoners Refused to Work After "Food" Strike Yesterday

BULLETIN.

Evansville, Ind., March 27.—(UP)—Three patients at Hollinger Sanitarium, near Newburg, where treatment is given for drug addicts, broke out of their rooms today, invaded the office, took all guns and ammunition, and barricaded themselves in the structure.

All officials of the institution were driven out. They sent an emergency request for assistance from Evansville police, but they refused to respond to the call because the sanitarium is not in Vanderburg county.

The sanitarium is a picturesque spot, resembling an old fort, and provides the three patients with an excellent vantage point from which to resist capture.

Jefferson City, Mo., March 27.—(UP)—Hours of mutiny at the 100-year-old Missouri state prison culminated shortly after noon today when guards and rebellious convicts fought in the courtyard, with clubs and tear bombs.

The prisoners broke out of the mess hall, swarmed into the courtyard and when the guards advanced the two sides clashed.

Guards used their clubs freely in attempting to subdue the seething convicts.

One prisoner was stabbed in the fighting, giving rise to the reports that the mutinous had weapons and were about to use them.

**Hurled Dishes, Knives.**  
As the convicts swarmed out they hurled dishes and cutlery they had carried from the mess hall.

Guards rushed the mess hall and flung tear bombs through the shattered windows.

As the gases spread sixteen of the ring leaders were driven out and clubbed into submission.

Eyewitnesses estimated that 50 or more men were taken to the prison hospital with cracked heads.

Guards refrained from using the many machine guns, pistols and rifles that had been concentrated in the prison before actual fighting broke out.

The rioting calmed down somewhat at 1 P. M. Many of the convicts stood in dazed groups around the courtyard their heads bleeding from the vicious clubbing of the guards.

A score of ringleaders were rushed to the dungeons and the rest driven into their cells by the overwhelming number of guards.

### BY NOLEN BULLOCK

**United Press Staff Correspondent**  
State Penitentiary, Jefferson City, Mo., March 27.—(UP)—A second mutiny swept through the ranks of shop workers in this crowded, century-old prison today and turned it into an armed camp with troops pitted against sulen inmates who refused to work.

Militia units, police and prison guards, armed with machine and riot guns and reinforced by National Guard aviators in bombing planes, stood guard over the walls and courtyard to halt any actual violence, which Warden Leslie Rudolph said was imminent.

The array of force was prepared for a possible general rebellion a trusty said was plotted in the prisoners' demand for "better food, less work and better foremen."

**Trouble "Inevitable"**  
Warden Rudolph commanded a small army to prevent what he said was "inevitable trouble."

A serious outbreak was threatened shortly after noon when 750 prisoners in the lower dining room of the mess hall refused to come out.

The Warden issued an order immediately to the troops and guards to "bring them out," employing tear bombs and other weapons if the prisoners showed violence. Other prisoners in the mess hall had come out previously without violence.

Men manned machine guns in the armory and other posts overlooking the prison courtyard as 900 inmates who participated in strikes at the chair, shirt and pants shops, were marched in tense and mutinous groups back to their cells for confinement without food.

National Guard companies over the state were mobilized at the call of Governor Henry S. Caulfield and five units in nearby towns were ordered to entrain at once.

Although prison officials were believed to have the striking prisoners under control, they faced a tense period of watchful waiting for possible developments.

(Continued on page 2).

### CONTINUATION OF LOWER TAX UP TO CONGRESS

If Expenditures Made Are Kept Down No Boost Is Likely

Washington, March 27.—(AP)—Treasury officials said today that income tax receipts totalling \$5,432,432, 341 on March 25 indicated the month's total would amount to more than \$550,000,000, fulfilling estimates made at the beginning of the fiscal year.

The figures were also cited as supporting the estimates made when the government decided the revenue for the 1930 fiscal year would justify a reduction on taxes on 1929 income without seriously interfering with federal activities.

Whether this reduction will be carried beyond one year depends chiefly upon expenditures authorized by Congress for the 1931 fiscal year. If the expenditures are sufficiently under the indicated receipts it may be decided to continue the reduction.

In studying the income tax returns, experts found that while the stock market losses due to the collapse last fall were large, they affected only a limited number of persons, while on the other hand corporation returns indicated a prosperous year.

While the March income tax receipts have so far met the Treasury estimate, no one would venture an opinion as to whether the government would finish the fiscal year with a surplus. This problem also depends largely upon expenditures which may be authorized by Congress in the three remaining months.

### Fear For Safety Of 16 Missionaries

Canton, March 27.—(AP)—The exact whereabouts of sixteen American Catholic missionaries, besieged for three weeks at Kanchow, Kiangsi province, by bandits and Communists, was uncertain today.

Belief was expressed they had evacuated Kanchow fearing further raids by the bandits.

The belief was based upon a telegram sent by the Rev. Father Young, stationed at Kanchow, saying Communists and bandits had entered Nananfu, about fifty miles away. Father Young said he was preparing to leave the city but did not give his destination.

Contrary to this, however, was an unofficial Chinese dispatch which stated the Communists had been dispersed near Kanchow, thus relieving the situation. Meanwhile communication with Kanchow continued fragmentary, bandits having halted telegraphic communication and the actual condition of the missionaries, ten men and six women, was not learned.

### Two Taken For Ride In Cleveland Today

Cleveland, O., March 27.—(AP)—Two more victims of a gangland "ride" were chalked up to bootleggers' warfare today.

The bodies of two men, bound and strangled to death, were found in an automobile parked on a snow-swept road in Brecksville, a suburb, last night. Residents said the car was parked there early yesterday morning.

The dead men were identified as Anthony Dorsellino, 40, and his 39-year-old cousin of the same name, both of Cleveland.

Police were convinced they died in a gangsters' feud. The victims were last seen Tuesday morning when they left for Akron, saying they were "going to see a friend."

The bodies were found only a short distance from the place where Isadore "Fursterman" and "Skinny" Schiller, hi-jackers and bootleggers, were shot to death and ice picks driven in their skulls last July.

### Rum Runner Is Shot By Customs Agents

El Paso, Tex., March 27.—(AP)—Guns of customs men have flashed in the darkness along the international border here for the seventh time this year, carrying death for Francisco Velarde, alleged liquor runner.

Velarde was killed last night by United States customs officers, who said he was struck by a charge of buckshot as he ran for his waiting automobile. His companion, Jesus Jaso, was captured. A large amount of liquor was seized.

**JOB FOR POLICE FORCE**  
Dublin, Ga.—(UP)—The police force here has been ordered to find the thief who stole their chief's new hat.

The amount of sediment carried into the Gulf of Mexico each year is more than 400 million tons.

### ALL RECORDS FOR SINGLE STORM FELL

### Heavy Snow In Northern Ohio; While New York Gets First Taste

BULLETIN

New York, March 27.—(UP)—The blizzard which laid a heavy fall of snow across the middle west reached New York in the forenoon today. The temperature dropped slightly and snow flurries started shortly before 11 A. M.

BULLETIN

Cleveland, Mar. 27.—(UP)—Northern Ohio was under eight to 14 inches of heavy wet snow after one of the worst blizzards in years.

In Cleveland one death indirectly resulted from the storm, and hundreds of minor accidents were reported as the city's population moved to work this morning.

Richard Sesman, a high school student, was asphyxiated when he attempted to warm up the cold motor of his car in a closed garage.

Chicago, March 27.—(UP)—Man's eternal war against nature was fought today along a serried waste of snow that covered a vast swath of the middle west with the heaviest blanket laid in a single storm since Weather Bureau records have been kept in the region.

When the last flakes fell shortly before last midnight, a new all-time record of 19.1 inches of the frozen precipitation had fallen. The snow had been practically continuous for 45 hours.

The storm had run the gamut of wintry tactics, employing 50-mile gales, periods of calm, blinding blizzard and gentle snowfall by turns.

Wary from two days of battle to keep a fraction of its transportation facilities in operation, thousands of men in Chicago buckled into drifts under the spur of threatened food and milk shortage. Hope that the peril could be avoided and the vast business of the city kept moving mounted when the snow ceased coming down.

**Many Highways Blocked**  
Virtually all highways were still blocked in an area bounded by Milwaukee, Wis., Rockford, LaSalle and Peoria, Ill., St. Louis, Mo., Toledo, Ohio, and Detroit. Highway department crews slowly carved their way along the roads freeing cities and villages from absolute isolation and rescuing motorists stalled in the deep snow.

The struggle in many places was marked by the frenzy of dyke building in flood time because the outlying roads kept dairy farmers' milk truck from cities. In Chicago reserve supplies of milk were used up yesterday and only the hope of deliveries today lay between the city and milk famine.

### Even Known Dead

Death toll of the storm in the Chicago region rose to eleven and the number injured as a direct result of the snow was estimated at 50.

## TODAY'S MARKET REPORTS

MARKETS  
At A Glance

Timothy seed 5.55@6.50.  
Clover seed 10.00@17.50.

## Local Markets

**DIXON MILK PRICE**  
From March 1 until further notice the Board of the Company will pay \$1.05 per cwt. for milk testing 4 per cent butter fat, direct ratio.

## Local Briefs

F. E. Wingert of Franklin Grove was a Dixon business caller yesterday afternoon.

Fred Haas of Amboy transacted business in Dixon yesterday afternoon.

Isaac Trask of Ashton was calling on Dixon friends today.

L. W. Miller made a business trip to Steward yesterday.

Mrs. Edith Lawler Asst. Supt. of Charities was a visitor at the Dixon state hospital today.

Chapman Leake is reported to be critically ill with pneumonia.

Attorney A. G. Harris was in Amboy on business Wednesday.

Robert Herbst of Nachusa was here on business Thursday.

Harvey Pitzer of Franklin Grove was here Thursday on business.

Fred Wendt of Ashton was in Dixon Thursday on business.

George Ives, wife and son of Amboy were here shopping Thursday.

Fred Mehlhausen of Reynolds township was here on business Thursday.

Charles Brierton and wife of Route 3, were in town today on business.

Dick Phillips of Nelson township was a Dixon business visitor this morning.

Charles E. Miller went to Mt. Carroll this morning to spend the day.

Wayne Fagan of Amboy transacted business in Dixon this morning.

F. X. Newcomer and Robert Warner have gone to New Orleans on a business trip.

Webster Poole went to Rockford this morning to attend the sessions of the Illinois Laundryman's association which is holding its convention in that city today and tomorrow.

St. Groves of the Miller-Jones Shoe Co. drove up from Moline yesterday on business.

Mrs. Lester Wilhelm spent Tuesday in Chicago where she takes music lessons from Daddi. It took her two hours to get from the Stevens hotel to the North Western depot because of the snow and difficulties in traffic.

Roy Plowman, manager of the Dixon and Amboy Plowman stores, spent Tuesday and Wednesday in DeKalb. He was delayed in returning to Dixon by the record-breaking March blizzard.

Mrs. Irving Countryman is ill with bronchitis.

Mr. and Mrs. Homer Strawn of Rochelle were here yesterday visiting friends.

Gus A. Lingfelder of Route 4 was in Dixon yesterday on business.

Samuel H. Holden of Tampico was a Dixon visitor Wednesday afternoon.

Arthur Morris of Franklin Grove was a Dixon visitor on Wednesday.

Miss Ada Wingert of Franklin Grove, was obliged to enter the Dixon hospital as a patient last week, receiving treatment for a throat affliction.

Frank Hart of Ashton was in Dixon Wednesday on business.

Frank Butler of Route 1, Ashton, was in town on business Thursday.

Miss Helen Stewart of the Ford-Hopkins Drug store who absent from her duties because of illness has recovered and is again on duty.

Miss Helen H. Hall of Amboy was here shopping this morning.

Foster Mattern of Route 3 Franklin Grove was a Dixon business visitor today.

George Rice of Amboy was a Dixon visitor today.

Mrs. Foster Dickinson of Sublette was a Dixon shopper today.

ALL RECORDS  
FOR SINGLE  
STORM FELL

(Continued from Page 1)

ly 1,000,000 persons were carried yesterday, a new record. Suburban electric and steam lines neared schedules today, after operating on a hit-or-miss basis during the worst of the storm.

**Taxicab in Demand**  
Taxicab drivers were potentates in their own right. Men and women stood in the streets last night, besieging passing cabs to return for them when they had unloaded passengers. Many drivers had been up for a day and a night, driving steadily. It was still a case for persuasion if the route lay into the drift-choked streets off main traffic routes.

Thousands of loop office workers arrived to work somewhere near on time today after two days of being an hour or several hours late. Many went to their offices from downtown hotels again, having decided not to chance the trip home and return.

Courts were tied up yesterday because neither judges, witnesses nor attorneys could get there on time. Mail deliveries were reduced to two in the business districts and one in residential sections.

Several hundred telephones failed in the suburbs. Power was off intermittently in scores of villages and towns in the metropolitan area.

Because the storm had lashed Lake Michigan into frenzy, turning the city's drinking water into a muddy hue, a double ratio of chlorine was ordered to guard against an epidemic of disease.

**Highway Report**  
A survey of traffic conditions throughout the state disclosed the situation as follows:

Roads within a radius of thirty miles of Chicago still were badly blocked, though the highway department had been able to open, and keep open, four state routes into the city.

Route 24—Open from Peoria, Springfield and Pana.

Route 4—(The main highway in to Chicago from the south), open from Elkhart south to St. Louis closed from Elkhart to Atlanta; open from Atlanta to Bloomington; closed from Bloomington to Chenoa; open from Chenoa to Pontiac; closed from Pontiac to Braidwood; open from Braidwood to Chicago.

Route 11—Open throughout, from East St. Louis to Terre Haute. All main state roads south of route 11 open.

Route 2—Open from Wisconsin line south through Dixon to La Salle; closed La Salle to El Paso; passable El Paso to Bloomington; blocked from Bloomington to Heyworth; passable from Heyworth to Assumption; blocked from Assumption to Pana; reported passable from Pana south.

Route 70—Open from Rockford to Compton; blocked from Compton to Mendota.

Route 25—Open from Kankakee to Urbana; closed from Urbana to ten miles south of Mattoon.

**Plot is Discovered.**  
An intricate plot for the delivery of six prisoners from the state reformatory in which machine guns, speedy automobiles and airplanes were to play a part, was revealed today by Warden Charles A. Shean.

The six prisoners allegedly implicated are held in solitary confinement. Warden Shean said five had confessed.

The plan, the Warden said, called for outside confederates to toss revolvers over the prison wall at a certain time and place. When the outside confederates were to appear at the gates with machine guns and hold guards at bay while the six prisoners walked out to waiting cars.

From there the plan called for a race to Grand Rapids where aviators were to be compelled to fly the mob to Chicago.

The plan was learned when letters were intercepted, Warden Shean said. He has asked that the men be transferred to another prison.

**MECHANICAL SHOUTER**  
London—(UP)—An amplifying system of loud speakers is expected to replace the attendant at the courts at Buckingham Palace this year whose duty it has been to stand on the parade ground and shout for chauffeurs as the debutantes and their chaperones leave the palace and enter their cars.

Spring house cleaning is near at hand and a good time to get rid of articles of furniture and clothing. A classified ad in the Telegraph will bring results. 25 words will cost you 50c.

HIGHWAY OPENED  
TO DEKALB THIS  
NOON; DEEP SNOW

**Scores Of Cars Stranded  
In Deep Drifts Along  
The Road**

Traffic over many of the main roads in the east end of the county has not been able to move since early Tuesday night and county highway patrolmen were battling huge drifts of snow today in an effort to open the roads. Some farmers have been unable to leave their own farm yards since Tuesday's storm. Main travel-ling roads were blocked with huge drifts which were reported to be six feet deep in places.

All of the available equipment belonging to the county patrol system which could be used in removing drifts was at work. The snow was thawing some but indications pointed to many of the roads remaining blocked until the first of the week.

The Lincoln Highway between Rochelle and DeKalb was opened to traffic at noon today. Three huge plows having been dispatched from Dixon to open a single track through the deep drifts. Eighteen cars were parked in one farm yard and loaded trucks were stalled in deep drifts with their loads, the engines being covered with snow. Many stock trucks were snowed in the drivers being forced to unload the stock and place it in feeding yards to prevent the animals from perishing.

**Suicide Clause In  
Policy Operative**

Vienna, March 27—(AP)—An accident and suicide insurance policy taken out by Dr. Hermann (Ernest) Watzl of Cleveland for his bigamous wife, Mrs. Mary McGranahan of that city, a few days before he shot her and then himself in a hotel here was said by the insurance company to be void.

The company said it would not pay the policy, which was made out by Mrs. Eva Hovarth of Cleveland, mother of Mrs. McGranahan, inasmuch as the suicide clause was not operative for two years after issuance of the policy, and because, besides, Watzl procured the policy under the false name of Plassack. It was secured on the second day of their arrival here.

By shooting himself shortly before midnight Sunday, when the premiums on his own policy of \$35,000 expired, Watzl is believed here to have assured collection of the amount by his wife and two daughters in Cleveland.

Watzl, a prominent chemist, disappeared last November.

**Village Destroyed  
By Italian Tremor**

Messina, Italy, March 27—(UP)—Thousands were reported homeless today and one village destroyed in a violent earthquake which struck the volcanic Sicily Islands off the north coast of Sicily.

The authorities of the Province of Messina, reporting the quake, said the village of Filicudi on the island of that name had been destroyed.

The shock occurred at 11:42 A. M. yesterday.

No deaths were reported. A few were said to be slightly injured.

Destroyers and steamers were reported hurrying medicines and food to the islands.

All houses in the Lipari Islands were said to have been rendered uninhabitable.

**Padlock Bill Gets  
Committee's O. K.**

Washington, March 27—(UP)—The first of several bills recommended by the administration to improve prohibition enforcement by relieving congestion in federal courts was approved today by the House Judiciary committee.

The measure ordered favorably reported to the House would allow service of padlock notice by publication. The object of the bill is to avoid delay entailed by personal service as required under present law.

With an area nearly equal that of the United States, Australia has a population only slightly more than 6,000,000.

Weighting 20 tons, what is said to be the largest bronze propeller in the world has been made for a Canadian passenger liner.

NATIONAL GUARD  
FORCES CALLED  
TO PREVENT RIOT

(Continued from Page 1)

sible vicious outbreaks among the 4,000 white and Negro inmates.

**Plan More Buildings.**  
The mutiny arose while the prison board and Governor Caulfield were meeting to plan construction of additional prison facilities to relieve congestion here. The old penal colony, with its mottled group of brick and stone buildings rising on the banks of the Missouri river was built to house one half the number of its present population.

The chief agitators for mutiny were confined separately in what is known as the "hard boiled" cell house, while others were prodded in shuffling, protesting lines back to their cell blocks—the whites on one side and the Negroes on the other.

**WANT "FRIED MEAT"**  
Jefferson City, Mo., March 27—(AP)—The "Irish stew" rebels, 750 strong, awakened in their cells at the Missouri state penitentiary today without having tasted the "fried meat" they demanded in two hours of hammering with fists on dining room tables yesterday. They had won their strike, however, in the promises for menu improvement of Warden Leslie Rudolph, who declared the 1,600 pounds of fresh, boneless beef, four barrels of potatoes, 75 gallons of tomatoes and seven bushels of onions "was probably not what it should have been."

Credit for the quelling of the incipient riot went to the Warden, who was called from a conference discussing plans for a new \$750,000 intermediate reformatory, and entering the dining hall alone, told the convicts any complaints about food would be considered. Hissed as he started to speak, the Warden's words pacified the prisoners and they marched orderly to their cells without a sign of violence. They also cheered him. The men were given stewed prunes, bread, syrup and coffee for their night meal.

National Guardsmen, summoned when the rebellion was first reported, entered the prison as the peaceful dispersal began from the dining room. Other units, mobilized in neighboring cities, were dismissed before they got under way for the prison.

**Plot is Discovered.**  
An intricate plot for the delivery of six prisoners from the state reformatory in which machine guns, speedy automobiles and airplanes were to play a part, was revealed today by Warden Charles A. Shean.

The six prisoners allegedly implicated are held in solitary confinement. Warden Shean said five had confessed.

The plan, the Warden said, called for outside confederates to toss revolvers over the prison wall at a certain time and place. When the outside confederates were to appear at the gates with machine guns and hold guards at bay while the six

### AGAIN

THE flitches sing early:  
Spring now on the way;  
Those heralds, the robins,  
Are many and gay.

While miles to the northward  
Already have flown  
Bright darlings, the bluebirds;  
Their presence is known.

We hail you with ecstasy,  
Season of joy;  
The sunrise swings northward;  
With spring on the slope!

—Heloise B. Hawkins.

### National P. E. O. Convened in Houston, Tex.

The Houston Post-Dispatch of Sunday, March 23, in the pictorial grave section printed the following interesting item on the P. E. O., with the very attractive pictures of the founders of the Sisterhood and their names. The item reads—National P. E. O. to Convene in Houston—The state convention of the P. E. O. will be held in Houston, March 23-25, at the Warwick hotel. Chapters E. P. and Q. local chapters, will be hosts. Edith Markham Wallace, supreme president, of Seattle, Washington, will be present and Mrs. Mary Florence Crowell, Whitesboro, Texas, president, will preside. The P. E. O. is a national organization, first formed at Mt. Pleasant, Iowa, college sorority, in 1899, for mutual benefit of the members who were then leaving college. It has grown until now there is a membership of more than 52,000 in the United States and Canada. Houston has three chapters with a membership of many of the most prominent musicians and club women of the city.

The names founders were Mary Stewart, Alice Virginia Coffin, Edith Stewart, Hattie Briggs Bousquet, Suea Pearson Penfield, Franc Roads Elliott, Alice Bird Babb.

The P. E. O. Chapter, in Dixon, Chapter A P. is a most successful chapter and does much good, especially in the assisting of young girls to a good education.

### Mr. Nolf Can Hear Spring Approaching

The genial artist, John Nolf, and his delightful wife, arrived today from Chicago to take up their summer residence in their home in Grand Detour. Mr. Nolf was seemingly happy to get away from Chicago, and the typical March blizzard, or what it left, several feet of snow, and icy winds from Lake Michigan. Arriving in Dixon Mr. and Mrs. Nolf were surprised to find no snow. Dixon and vicinity were free from snow, and although the wind today is not balmy, it gives promise, with the sun peeping from fleecy white clouds in a blue sky. Why, Mr. Nolf could visualize spring in all its verdant beauty this morning in sylvan Grand Detour. At any rate, he and his wife are pleased to be back for the summer, with occasional trips east, and all are glad to have them back.

### EXPECT TO GO TO CHICAGO MONDAY

Rev. and Mrs. L. W. Walter expect to drive to Chicago Monday where they will spend a few days and where they expect to attend the Flower and Garden Show.

### TO ARRIVE HOME IN DIXON, APRIL 1st—

Mr. and Mrs. Charles A. Todd, and Mrs. L. D. Dement are expected to arrive home about April 1st, from Fairhope, Ala., where they have been spending the winter.

### MENU for the FAMILY

By Mrs. Alexander George  
**ORANGE MARMALADE FOR TOAST**

**Breakfast**  
Wheat Cereal and Cream  
Orange Marmalade and Hot Buttered Toast

**Luncheon**  
Lima Beans & Tomatoes, Escalloped Bread, Peach Jam, Tea

**Dinner**  
American Chop Suey, Buttered Spinach, Plum Jelly

**Bread**  
Head Lettuce and French Dressing, Chilled Diced Pineapple, Coffee

**Lima Beans and Tomatoes Escalloped, Serving Six**  
2 cups cooked lima beans.  
1 1/2 cups tomatoes.  
1 cup cracker or dried bread crumbs.

4 tablespoons butter, melted.  
1/2 teaspoon salt.  
1/2 teaspoon pepper.  
1/2 teaspoon celery salt.  
3 tablespoons chopped onions.  
4 slices bacon.

Mix the crumbs and butter, add the salt, beans, tomatoes, pepper, celery salt and onions. Pour into a buttered baking dish. Lay the bacon slices on the top. Bake for 25 minutes in a moderate oven. Serve in the dish in which baked.

**Sugar Cookies**  
1 cup fat.  
2 cups sugar.  
3 eggs.  
1 teaspoon nutmeg.  
1 teaspoon lemon extract.  
1 teaspoon vanilla.  
1/2 teaspoon salt.  
5 tablespoons sour cream.  
4 1/2 cups flour.  
1 teaspoon soda.  
1 1/2 teaspoons cream of tartar.  
1/2 cup chopped raisins.

Cream the fat and sugar. Add the eggs and beat for three minutes. Add the rest of the ingredients and shape into two rolls, one and one-half inches in diameter. Roll in waxed paper and chill for 12 hours. Use a very sharp knife and cut off thin slices. Place on a greased baking sheet and bake for 10 minutes in a moderate oven.

**French Dressing**  
1 teaspoon salt.  
3 teaspoons sugar.  
1/2 teaspoon dry mustard.  
1/2 teaspoon paprika.  
1/2 teaspoon celery salt.  
4 tablespoons lemon juice.  
1 cup salad oil.

Mix the ingredients in a wide-mouthed bottle. Cork tightly and shake for two minutes. Chill and when ready to serve shake thoroughly.

This is a suitable dressing to serve on head lettuce, vegetable or fruit salads and will keep indefinitely if stored in a cold place.

### Two Noted Artists For Last Civic Concert Here April 27th.

The next and the last concert in this year's course for the Dixon Civic Concert Service will be given on Sunday afternoon, April 27th, at the Dixon Theater. The artists for that concert are Moissaye Boguslawski, the celebrated pianist, and Ila Neimack, famous violinist. It is anticipated by some that this concert will be one of the most enjoyable of the series this year, if not the most enjoyable.

Boguslawski is a dynamic interpreter, an exponent of Russian pianism, the contemporary school of which began with Anton Rubenstein. Mr. Boguslawski looks astonishingly young, yet his past is a rich store of recitals which have moved hearers and critics to reach out for new terms to describe this most generously endowed pianist of the new generation. His appearances with the Detroit Symphony Orchestra, with the Minneapolis Symphony Orchestra, Metropolitan Opera House Orchestra, New York and with the Chicago Symphony Orchestra are all indelible events with those great musical bodies.

His appearance here on April 27 is one of the major events of the 1929-30 musical season.

Ila Neimack  
"All that I am or hope to be I owe to my mother."  
It was Abraham Lincoln who said that some fifty years ago.

Today, Ila Neimack, famous violinist, not only attributes all that she is or hopes to be to her mother but also to her father.

Ila Neimack, who will appear here

FOR FRIDAY  
**Sterlings**  
SODA-LUNCH ROOM  
Roast Beef or Fried Fish.  
Mashed Potatoes, Lima Beans,  
Cabbage Salad, Hot Rolls or Bread.  
Special—Swiss Cheese, Bacon and Jelly.

April 27 at the Dixon Theater is and always will be a devoted child and just plain little "Ila" to her parents despite the fact that she has played in the royal courts of Europe and before the most noted of Americans, including Herbert Hoover.

And Miss Neimack has a right to be proud of her parents and to thank them for what they have done. She has years ahead of her, being only 24 years old. But already she is notable in the world of music, a violinist and composer to whom has come the acclaim of critics throughout the United States and Europe in a manner that can best be described as breath taking.

In March 1923 when Ila was 13 years old she made her debut in Town Hall, New York, and since that time it has been the unanimous opinion of the most famous reviewers that she stands in the front rank of violinists.

When she was 3 years old, her parents, Dr. and Mrs. Julius Neimack of Charles City, Iowa, made a bold decision. It involved the sale of their fine three story home here, to the removal of four rooms above a store, and the mobilization of all resources to accomplish the best possible musical education for their daughter.

Ila was given a violin. Her father, an amateur violinist, and her mother, a piano teacher, began to instruct her. They continued to do so until she was eight. Then her mother took her to Chicago where she studied for a year with Herbert Butler of the American Conservatory. At nine she gave her first concert in Chicago, Minneapolis and St. Paul and studied for a time with Otto Meyer in Minneapolis.

**Pupils Of Amboy H. S. Present Play**  
"Seventeen" is to be presented at the Amboy township high school this evening at 8 o'clock by an all-school cast.

Miss Lucille Keefer is coaching the play, which is being sponsored by the Lit music society of the school.

"Seventeen," Booth Tarkington's sprightly play, is a comedy in four acts. It portrays the struggles of Willie Baxter, just seventeen, to win the attention of Lola, his "Baby-Talk-Lady," and a dress suit from his father.

In this play, Tarkington has caught the spirit of adolescence, with its aspirations and ideals, and with its yearning for perfection. Perfection in the case of Willie Baxter means a dress suit in which to parade before the incomparable Lola.

"Seventeen" has its difficulties in the person of Willie's father—the stern and unsympathetic parent. In the end, Willie is disillusioned. He golden-haired divinity has feet of clay.

The cast is as follows:  
William Sylvanus Baxter.....James Reiley  
Lola Pratt.....Marion Lewis  
May Carcher.....Lillian Bachofen  
Mrs. Baxter.....LaVerne Faivre  
Mr. Baxter.....John Fleming  
Jane Baxter.....Mary Eva Dyer  
Johnny Watson.....Jack Bates  
Joe Bullis.....Jerald Barlow  
Mr. Carcher.....Francis Murphy  
Genesis.....Arthur Maenen

Between-act specialties will be given by Dolores Fallon and Marie Barlow, and Mary Meade and Virginia Underwood.

**Mrs. W. H. Zwilling Hostess Last Evening**  
Mrs. W. H. Zwilling of North Brinton Avenue, delightfully entertained with a picnic supper last evening at her home, followed by an enjoyable game of bridge. Spring flowers formed attractive bouquets. Mrs. Thos. Arbogast of Ripon, Wis., was the guest of honor for the evening and received the dainty guest favor. A bridge Mrs. Ellis Mason received the favor for high honors. Mrs. Jake Wohlnke received the favor for low score. At a late hour the guests wended their way homeward voting Mrs. Zwilling a royal entertainer.

**Girl Scout Court Of Awards Friday**  
The Girl Scout Court of Awards will be held at the south side central school, formerly the high school building, Friday evening, March 28, 7:15. It is at this time that the girls are presented with their merit badges. Much work has been done along this line through the winter. All Girl Scouts their parents and friends are urged to be present.

Just recently Mrs. Herbert Hoover, Honorary President of the Girl Scouts played them the following tribute: "Girl Scouts are girls who have gathered together in a group quite of their own volition that they may find a means of expressing their constantly changing stream of high spirits and good will; that they may serve their community in a manner that is practicable; that they may explore trails which lead out of the pleasant fields of childhood to the broad and teeming highways of adult life."

"Girl Scouts seem to have a better time working than playing; and a better time working for others than for themselves. Those I have known get a tremendous exaltation from serving others; and a frequent result of the voluntary co-operation and comradeship in Girl Scout activities is the development of thought and helpfulness for other people. This makes our girls better homemakers, better citizens, better friends. Individually, it tends toward a keener mind a finer character, and a happier self."

**Hospital Committee Am. Legion Aux. Met**  
The Hospital committee of The American Legion Auxiliary held an all day meeting Wednesday at the home of the chairman, Mrs. Austin George. A picnic dinner was served at noon. A splendid amount of work was accomplished. After dinner and before the ladies resumed their work, Mrs. Roy Raffenberg gave two enjoyable readings, "The Back Seat Driver," and "Ma's Check Book." The Legion ladies are holding a food sale Saturday at the Dixon Cleaners, where many good things will be on sale.

**Mr. and Mrs. Chaplin May Be Reconciled**  
Paris, March 27—(AP)—The Paris edition of the Chicago Tribune said today that Lita Grey Chaplin, divorced wife of the comedian, suggested as she embarked from the Aquitania that she and Charles Chaplin might become reconciled. She said that if a reconciliation were effected it would be because of their two children. "The link of two children is very hard to break," she said. "It is even stronger than personal feelings."

**G. and C. Club Was Happily Entertained**  
Mrs. Mark Brown was hostess on Wednesday afternoon at her home to a number of friends, the members of the G. and C. Club. After the enjoyable game of bridge, a delicious luncheon was served, the decorations in spring flowers being appropriate. The social hour completed an afternoon of much pleasure for everyone in attendance.

**Missionary Society Meets At 2:45, Instead of 2:30**  
Because of the hour of the funeral services for the late Mrs. Howard Johnson, the Women's Missionary Society of the Presbyterian church will meet at 2:45 o'clock Friday afternoon at the home of Mrs. C. F. Woodburn, 410 Dixon Avenue, instead of meeting at 2:30 as before stated. The hour of the funeral service is 2 o'clock.

**Entertains At Luncheon Today**  
Mrs. Henry Noble and daughter, Mrs. Dorothy Jane McCoy are entertaining with a bridge tea this evening at the Noble home.

### Woman, 60, Sees World First Time

Middle Haddam, Conn., March 27.—(UP)—The strange world outside holds many terrors and 60-year-old Lillie Wilson remained today in the crude farm house where for 57 years she was a virtual prisoner.

Not until the death of her reclusive father, who lived to be 96, did Miss Lillie venture forth from the farm to a civilization in which were taken for granted things she never had seen—feet motor cars, telephones, electric lights, movie theaters, airplanes.

Indeed Miss Lillie had never heard of many modern-day "necessities." In the Wilson home there was no running water, no manufactured furniture, no gas or electricity and of course no radio.

Old Peter Wilson saw two of his daughters leave his side and he determined that Miss Lillie should not go, vigorous even when nearing the hundred-mark, he ordered away all strangers who strayed onto the Wilson property. Peter and the spinster daughter did all the work.

But the father injured his hip in a fall and infection set in. Finally he was forced to appeal to modern surgery and was taken to the Middlesex hospital in Middletown. He had waited too long and when doctors realized that death was near they summoned Miss Lillie.

So it was that yesterday Miss Lillie saw the "world" for the first time since she was an infant. She boarded a terrifying street car that rumbled by awesome automobiles and stopped before a breath-taking building. Fearfully she went inside and found her father already dead.

Stunned, she went to her lonely home. It is understood that she is heirless to a \$50,000 estate but as yet she is uncertain as to her future. It is all very incomprehensible to Miss Lillie.

**Sixteenth Birthday Party Last Evening**  
Last evening "Woody," elder son of Dr. and Mrs. Willard Thompson, celebrated his sixteenth birthday anniversary, by entertaining ten of his intimate friends at a dinner, honoring the happy occasion. The center of the table was graced by a tempting birthday cake in pink and white, with pink candles, and a large pink rose in the center. All spent a delightful evening in games and music, and on departing the young friends wished Woody many such happy anniversaries and left him nice reminders of their friendship.

**Annual Civic Concert Dinner on May 5th**  
The annual Civic Music Concert dinner in Dixon, will be held this year on May 5th, and the president, Mrs. Willard Thompson, is happy to announce that Ward French, vice-president of the Civic Concert Association will be present. All members are cordially invited to be present at this dinner. The annual drive for members will start with this dinner. It is thought that this is a pertinent time to announce that anyone joining the Civic Association before the date of the next concert in Dixon, April 27th, will be eligible to attend that concert and arrangements

will be made so that the admission on that day will not embarrass one buying next year's membership. If you become a member before the next concert you become a guest at the last concert of this year and are cordially urged to attend, April 27th.

### Elks Complimentary Dance This Evening

This evening at the Elks Club the Elks will entertain with a complimentary spring dance for Elks and their ladies. It is assured that all attending will have a most enjoyable evening. Good music will be furnished for the dancing, and the old well known Elks hospitality is still working overtime.

### School Board O. K.'s Garden-Flower Show

(Telegraph Special Service.)  
Chicago, March 27.—The Chicago School Board today approved the Central States Garden and Flower Show, to be held in the Chicago Stadium, April 5th to 13th, inclusive. The approval followed application by the Spaulding School and several others to enter exhibits in the show.

Approval by the board opens the way for grammar and high school vocational classes to enter poster, bird houses and other class-work products in the contests, which will form a large part of the Junior Garden Club exhibits in the show.

The Spaulding School exhibit will include a small garden, which will be constructed in the Stadium by the grammar grade pupils. Trees for the garden will be taken from the two

usual experiences were related. Mrs. Marth had a map and took her audience with her on what really proved to be an educational and colorful travelogue. The old world atmosphere was further realized when members answered to roll call with Oriental customs.

During the social hour afterward, Mrs. John Haines the guest for the afternoon, assisted Mrs. Kaufman in serving delicious refreshments.

### Lowdens to Arrive Home From Chandler, Arizona

Ex-Governor and Mrs. F. O. Lowden and daughter, Miss Florence, of Oregon and Chicago, will arrive home next week, after spending several weeks at their winter resort near Chandler, Ariz.

### Wartburg League Meets At 7:30 Tuesday Evening

The Wartburg League of the Immanuel Lutheran church will meet Tuesday evening at 7:30 at the church.

### Bridge Tea at Noble Home This Evening

Mrs. H. U. Bardwell entertained a few friends at a delightful luncheon today, honoring Mrs. Z. W. Moss.

Build a Municipal Bathing Pool.  
Advertise the Beautiful Rock River Valley.  
Develop Dixon as an Industrial and Trading Center.

**THE FRONTIER RECEDES.**

"Poker Alice" Tubbs belonged to a day that was not ours. She was a left-over from an era that seems as remote, now, as the Revolution. When she died, the other day, at 77, most of us probably were surprised to realize that the old west she represented was still so close to us.

There is something very melancholy about the passing of the frontier veterans. These people like Poker Alice belonged in the period of the nation's youth. They were, so to speak, youthful outbursts; they could not have existed in an older, more settled civilization. Now they are going—and the nation, by the same token, is losing its youth. We are growing up, in spite of ourselves.

We do not always realize the extent to which we are all affected by the nearness of the old frontier.

Every American living today has that as part of his heritage. He grew up with the wild west still a living memory. Poker Alice, Calamity Jane, Deadwood Dick, Buffalo Bill and the others, with their picturesque names and their wild, untamed manners, were still on the horizon, or just over it. The tradition that they represented had not yet died out. It formed a strong part of what we like to call "the American spirit."

But that could not last. The science and industry of the nation cut its youth down to a brief span. The railroads brought the west close to the east, and the automobile pulled it closer; and then came such things as the radio and the airplane to weld east and west into one unity—and the frontier was gone forever.

But there is a danger in waxing too sentimental over it. For the old west—the frontier, where hard-fisted men and women whipped nature into submission—was gaudy, alive and interesting, but it was not an unmixed blessing. If it gave the national character strength, courage and a reckless hardihood, it also stunted its artistic and humanitarian impulses. It condemned generations of people to live lives in which there was excitement, hard work, achievement—but very little of beauty.

This era of the wild west was an era that had to be; but we are fortunate, after all, that it ended as soon as it did. For on the frontier men are compelled to live by bread alone. They cannot, by the very nature of the case, pay any attention to anything but the material side of their civilization. And that attitude, along with the finer qualities, is one of the things our pioneer tradition has bred into us.

We are slowly getting away from it; already, on the far horizon, one can get a glimpse, now and then, of the fine things that shall be done in this land in the future. But we shall not do them until we have left our frontier a little bit farther behind. The passing of the old characters like Poker Alice calls for a look ahead as well as a look backward.

**THE LITTLE THINGS.**

A small error can do a great deal of damage, sometimes. On the outskirts of Chicago a contractor was putting in a big sewer. Huge sections of pipe had to be dragged from a field, where they were stored, across a railroad track to the place where they were to be laid. A wire cable, fastened to a motor-driven drum beyond the tracks, was used to do the job.

At last the cable broke, leaving a section of the pipe on the railroad tracks. Then it developed there was no red lantern available to mark the blocked track until a new cable could be fastened. Before a lantern could be found, a train had crashed into the pipe. It was derailed, and another train plowed into it. The result—one death and 20 persons painfully injured.

**STILL GOING UP.**

And still the casualties due to automobile traffic go up! Figures compiled by an insurance company from 37 states show that approximately 31,000 people were killed by automobiles last year—an increase of more than 11 per cent over the figures for 1928.

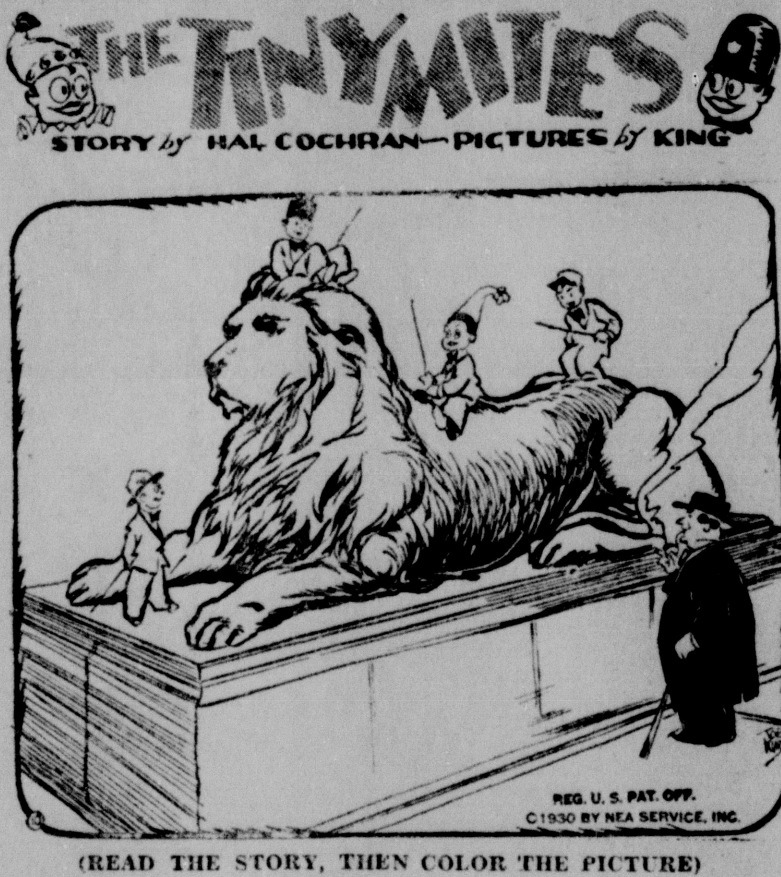

"On the basis of last year's total number of motor vehicle deaths," says a bulletin issued by the company, "at least two persons out of each 10,000 of the country's population were killed in such mishaps. Two hundred persons out of each 10,000, or a ratio of one out of each 50 persons, were injured, 60 of the 200 being hurt seriously."

These figures speak for themselves. If they fail to stir the country to concerted action it can only be because we are shock-proof.

A little mistake, of course. But it had big consequences.

The American engineers who arrived recently in Russia to supervise construction work costing \$100,000,000 will doubtless build a foundation for better relations between this country and the Soviets.

The pedestrian never has any luck. It is the motorist who gets the brakes.

(READ THE STORY, THEN COLOR THE PICTURE)

All over London town they went and quite a thrilling time was spent in visiting big buildings which they all had read about. Big London Bridge was crossed in glee and Clowdy said, "Well, mercy me, this is the biggest bridge I've ever seen, without a doubt."

The Tower of London towered up high, a pretty scene against the sky. The Travel Man explained each thing to every Tynmite. "To Piccadilly Circus we will go and look around," said he. Then Clowdy cried, "Oh, goody! That will be a wondrous sight."

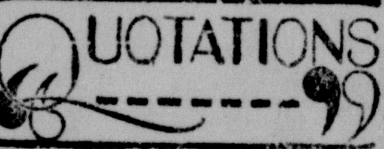

"I love a circus! Gee, you bet! And here, we haven't seen one yet. Is this one like the circuses we all have seen at home? And are there animals galore and lots of other treats in store? It seems that there are circuses, no matter where we roam."

The Travel Man laughed right out loud, and shouted, "You're a funny crowd. This Piccadilly Circus isn't any show at all. It is a business center, boys, where traffic makes a heap of noise. A lot of streets lead into it and there are buildings tall."

Still walking in the fresh, brisk air the bunch soon reached Trafalgar Square. "Oh, see the monstrous lions," shouted Clowdy. "Will they bite?" This made the others laugh a bit and Clowdy said, "I'd like to sit upon one of those lions. I am sure I'd be all right."

"You want to sit there? Well, you can," replied the kindly Travel Man. "You'll find the lions are safe and sound. They're statues, that is all." And so the Tynmites climbed up quick, and all felt that they looked real slick. Said Clowdy, "Now, be careful, lads, or we might take a fall."

(The Tynmites play with some birds in the next story.)

"Coming generations can be relied upon to provide for their own needs as they arise."  
—Julius Rosenwald.

"The House of Commons is like a fickle woman; if you do not woo her persistently, she will become jealous and get out of hand, but if you pay to her constant court she will always be sweet and smiling."  
—Stanley Baldwin, ex-British premier.

"It would be possible to argue that a good sheep dog has attained almost the summit of moral excellence."  
—Dean William Ralph Inge.

**RÖNTGEN'S BIRTH**  
On March 27, 1845, Konrad von Röntgen, German physicist and discoverer of the X-ray, was born in Lennep, Germany.

He received his early education in Holland and then studied at Zurich. After teaching mathematics and physics at various universities he was appointed ordinary professor of physics at Würzburg. It was here that he made the discovery for which his name is chiefly known, the X-ray.

The discovery came about by accident. Röntgen had been studying the mysterious green light of a new kind of vacuum tube when he was suddenly called away from his laboratory. Just before he left he laid the tube on a book containing a large antique key which was used for a bookmark. Beneath the book happened to be a photographic plate holder. The plate meant nothing to Röntgen until he exposed it while on a walk one afternoon and noticed on it the image of the key.

He reconstructed the laboratory scene just as it had happened originally and achieved the same result. Not knowing what kind of light it was which produced the image of the key, Röntgen called it the X-ray.

**NEW SNOW REMOVER**  
Cheboygan—(UP)—A snow remover that scoops the snow up in a huge shovel and blows it as far as 500 feet from the road, has been purchased by the Cheboygan county road commission. The remover is the invention of Lem Chappel, a Cheboygan county man.

The number of stars is estimated to be between 30,000 and 50,000 millions.

**the JOY of LIVING**

is founded on Good Health

Your joy may depend upon rich, red-blood-cells

A HEALTHY body is vigorous, strong and sound. It is man and woman's greatest asset. It demands that the red-blood-cells shall not be decreased in number.

The red-blood-cells are its workers—5,000,000 to the cubic millimeter. It is dangerous to let the blood count remain below normal.

With an increase in the red-blood-cells, you will be on the right road to Health. This is Nature's way to body power and to clear skin.

You owe it to yourself and family to give S.S.S. a trial. It promotes healthy body building. It helps Nature build rich, red blood. For more than 100 years S.S.S. has been helping people regain and retain their strength and charm. It is made from strictly fresh vegetable drugs and is easy to assimilate. Pleasant to take. Thousands of users have testified to its benefits in unsolicited letters of gratitude.

You will be delighted with S.S.S. blood-building and tonic effects. Take at mealtime. At all drug stores in two sizes. Ask for the larger size. It is more economical.

**Makes You Feel Like Yourself Again**

By WM. E. GILROY, D. D.

**Editor of The Congregationalist**

How anxious people are to claim or establish kinship with the great; yet how neglectful of that greater kinship which Jesus made possible for all!

Not long ago an expert genealogist told me that he finally had traced the lineage of a certain American millionaire back to the Mayflower. Hitherto the assumption had been that this man of conspicuous business success had married into a family with social prestige that he did not himself possess, and my genealogical friend suggested something of the satisfaction he was about to bring to this millionaire in making it clear that he had that distinction, greatest of all in American genealogy, of descent from the Mayflower company.

One may pardon the millionaire his interest in that fact. Human nature, despite its professed democracy, never becomes entirely scornful of such things.

But, how much greater is the privilege of kinship with Jesus of Nazareth! Even the Mayflower company had its glory only because of faith in him and in his religion. It is this high heritage of kinship with Jesus that He offers so simply to us all.

We recall his words when he was told that his mother and his brethren were standing outside. The record is that Jesus stretched forth his hands toward his disciples and said, "Behold, my mother and my brethren," adding, "For whosoever shall do the will of my Father, which is

**OUR BOARDING HOUSE**

in heaven, the same is my brother, and sister, and mother."  
(Copyright, 1930, NEA Service, Inc.)

Exports of merchandise from the United States during 1929 reached a value of more than \$5,248,000,000.

Mechanical perpetual motion is impossible according to all known laws of nature.

# A Future Service Assured by PAST RESULTS

Let's look to the past to see what the future will bring. As in considering any man for any job, the selection of the men you want to represent you in this business of government must show the proved abilities that insure successful handling of the position they are to fill.

Only in what they have done before are we able to judge what may be expected in the future. Only in past accomplishments are we able to ascertain what success we may hope for from any man.

Fact, and actual fact only should guide your choice when it comes to voting for your government officials. Records of previous work—knowledge of what a man has done and can do—are practical guides to a selection of wisdom.

That's why we suggest Harry G. Wright for State Senator. His long service in governmental affairs has produced many excellent examples of his worth to you—his sound plans and policies have worked for the protection of the people he represents since 1920.

That's not idle talk—an impressive array of fact backs every statement. Only by proven fact can you show an enviable record of ten years as Senator with but one day's absence. Only by actual figures can be shown a saving of over twenty-five millions in appropriations at the Capitol are found records of the results of Senator Wright's endeavors for the benefit of his people. Those are facts you'll want to remember on April 8th.

## ENDORSEMENT: DE KALB COUNTY SERVICE MEN'S LEAGUE.

Whereas, Harry G. Wright, State Senator from the 35th Senatorial District, is a candidate for re-election;

And whereas, Harry G. Wright is an ex-service man and qualified for the office he seeks;

And whereas, Harry G. Wright, during his ten years in the State Senate, has always sponsored the cause of the ex-service man;

NOW THEREFORE, Be It Resolved, by the DeKalb County Service Men's League, in regular meeting assembled, that Harry G. Wright, be and he is hereby endorsed by this league for the office of State Senator from the 35th Senatorial District of the State of Illinois.

DEESTIN L. PASLEY, Chairman

Attest:  
A. K. Stiles, Secretary

## Daily Health Talk

HEADS UP  
BY ROBERT H. RILEY, M. D.  
Baltimore, Maryland.

(This series of articles is prepared under the direction of the Gorgas Memorial Institute, which is organized to perpetuate the life work of the late Major-General Gorgas in preventing unnecessary illness. The headquarters of the institute are at 1331 G Street, N. W., Washington, D. C.)

In cold weather the temptation to shut out the air and slump into warm quarters in general. It would be a good thing if each of us could develop as pronounced an appetite for fresh air as we have for our favorite foods and then should insist upon having that appetite satisfied. We know when we are "food hungry," but half the time when we are drowsy or droopy, we don't realize that what we are really suffering from is "air hunger."

A good many of our daily dozens call for a round of breathing exercises at an open window in the early morning. This is thoroughly worth while, but we don't want it to end there. Deep breathing should be a habit. For the effect of deep breathing is cumulative, like the house that Jack built. You cannot breathe in deeply, satisfying your hunger for fresh, clean air and sit or stand in a slouchy position. To enjoy to the full your draught of fresh air indoors or out-of-doors, you have to hold your head up.

Almost unconsciously, this brings the whole framework of the body in to better position—shoulders back, chest out, abdomen flat. This in turn gives greater room for expansion of the lungs, free action of the heart, and better circulation of the blood; insures better digestion through the toning up of the muscles supporting the whole digestive apparatus. In other words, deep breathing helps to tone up the whole mechanism, and it has another effect—it tones up the courage and self respect of the individual who habitually practices it.

Out of a total of 3,755 children from five to seven years old were examined by the Bureau of Child Hygiene during the spring and summer months, 252 had marked postural defects. That was one out of every fifteen. While much of the bad posture of young children is due to nourishment (not lack of food, but poorly balanced meals), in the older boys and girls and in grown-ups it is generally due to habitual slouching or slumping, contracting the chest, taking in an inadequate supply of air, getting into bad habits of sitting, standing, and walking. Deep breathing, fresh air, and good posture are aids in keeping fit. So HEADS UP! Try it and see for yourself what happens.

### GLOVES

Here are the lighter weights of capeskins adaptable for spring wear; may be had in button or slip-on style at

\$2.00 and \$3.00

INDIA PROBLEM IS BEEF KILLING, WRITER FINDS

Commander J. M. Kenworthy Favors Definite And Decisive Action

By HENRY T. RUSSELL (United Press Staff Correspondent) London.—(UP)—The situation in India is serious but not hopeless, in the opinion of Commander J. M. Kenworthy, Labor member of Parliament and well known author of "The Freedom of the Seas."

Commander Kenworthy said this in an exclusive interview which he granted to the United Press after his return from a long tour of British India and the Indian Native States where he spent many weeks gathering data concerning the situation.

"It is imperative," explained the Commander, "that a settled policy be pursued in India. If the situation there is to be controlled. Above all I believe it is necessary that we in England, regardless of political opinions, should show a united front with regard to our Indian policy. And I think it is essential that we deal firmly with any troubles that might arise there while at same time preparing the way for democratic government in India. If we don't, then the situation might become grave."

Describing conditions as he saw them, the Commander expressed the opinion that much of the unrest reported in India of late was due to economic rather than political causes.

"Strange as it may seem, the question: To kill or not to kill cattle for food, is perhaps the most important among those which must be settled before the Indian problem is definitely solved."

"It is the fact that some 80 millions of Moslems favor the slaughter of beef in the face of violent Hindu opposition that accounts for the formidable hostility between the two creeds and which often results in serious clashes. In such cases, of course, the British are compelled to interfere to maintain order. When this has been done Britain is frequently blamed as she would also be accused of 'inciting' Hindu-Moslem riots if she were to abstain from interference."

Other causes of trouble in India, added the Commander, were a lack of education of the masses, and of course, a certain amount of political differences of opinion.

"Not everybody realizes that 94 per cent of India's population of 320 millions, are illiterate," he explained pointing out that this led to ignorance rendering the Indian masses much more liable to be swayed for good or for bad, by leaders of opinion."

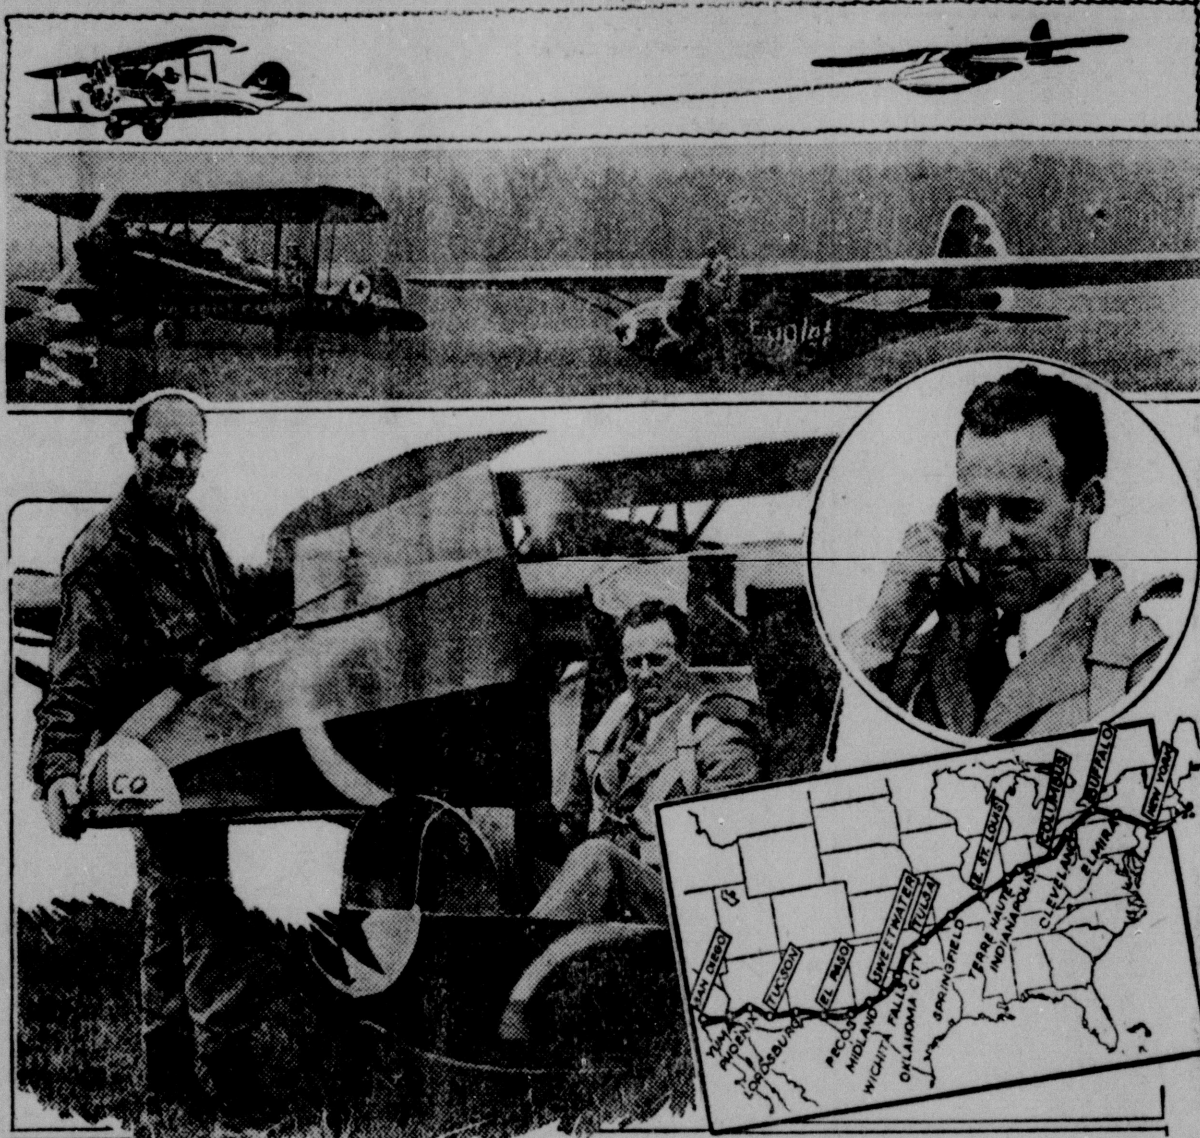

It was worthy of note, continued the Commander, that Hindus and Moslems did not seem to feel their differences so much when living under native rulers as in the Native Indian States.

"This is one of the reasons why I advocate that the sooner some arrangement can be found to make the Indians in British India shoulder their own responsibilities, the better. I think, for instance, that we should encourage the Indianization of the army."

WHALE FLESH FED HOGS Newton Abbot, England.—(UP)—Pigs at the Seale Hayne Agricultural College fed on whale flesh were ready for slaughter two or three weeks before pigs getting only barley meal and middlings.

There are now 21 cables across the Atlantic ocean.

Ready for Coast-to-Coast Glider Flight

These pictures show Captain Frank Hawks, famous airman, making final tests of the cabin glider in which he plans to leave San Diego, March 30, towed by an airplane, on the longest glider flight ever attempted, with New York as his goal. Men and machines in the air "train" are pictured above, with J. D. Jernigan, Jr., tow pilot, and his plane, left, and Hawks, right, in the motorless ship. At the lower left Professor R. E. Franklin, of the University of Michigan, who designed the glider, is shown putting the hood in place with Hawks at the controls. At the right, Hawks shows how he will communicate with the towing plane by telephone. The route, with intermediate stops, is shown on the map.

COMPTON NEWS

Compton—The March meeting of the Compton Teachers Reading Circle was held at the high school on Thursday evening. A very interesting lesson was conducted by Mrs. Levi Melbrech. The April meeting has been announced for April 10 when Miss Lucille Cook will take charge of the study.

On Friday evening Mr. and Mrs. Zene Johnson entertained a number of their friends at their home north of Compton. About eight tables of guests spent a very pleasant evening playing euchre and 500.

Dale Beemer of Gary, Ind., spent the week end with his parents, Mr. and Mrs. Roy Beemer.

Mr. and Mrs. D. C. Thompson visited during the week end at Aleo with Mr. Thompson's parents.

The dancing party given at the R. N. A. hall on Saturday evening was a very pleasant affair. Balloons and bright paper decorations gave the hall a very gay appearance and added much to a very enjoyable evening. Music was furnished by Beser's orchestra and refreshments were served late in the evening. Hostesses were the Misses Evelyn Bauer, Velda Burley, Erma Mireley and Mrs. William Archer.

A number of the ladies in and about town have organized a "500" club. They expect to play one afternoon every two weeks. At the end of six months the losing half of the club will entertain the winners.

A play is to be presented within the next few weeks under the sponsorship of the Compton Woman's Club. The project has been under informal discussion for some time but no announcement was made until a

positive decision had been reached. For some reason, perhaps to arouse our curiosity, the name of the play is being withheld for a time, but rehearsals are to begin this week, and then the secret will be out. A committee on arrangements will make further announcements concerning the play in the very near future.

The card party given on Friday evening by the Junior class of the Compton High School for the benefit of the Annual was well attended. Tables were provided for both bridge and "500", although a majority elected to play 500. One of the most

novel features of the party was the use of souvenir tallies which carried a small print of the new school building. Attractive prizes were awarded for high and low scores in both games, and the evening was completed by the serving of light refreshments by members of the class. The proceeds of the party will be applied on the general expense of the Comptonian, this year's annual, a volume much larger and more complete than any before put out by the Compton high school.

Through an error Vera Cook's name was omitted from the special

Step Into the Picture With a Suit Like This

Don't be an "also ran." Step into the fashion picture with a suit like this. Business leaders who dress with a dash of style favor this model. Notice the peak lapels, broad shoulders and the slightly fitted effect through the hips. Men with most modest budgets can dress fashionably when clothes like this are priced so low.

\$19.75

J. C. Penney Co. Inc. 111-113 So. Galena Ave., Dixon, Ill.

DRESS UP REMINDER

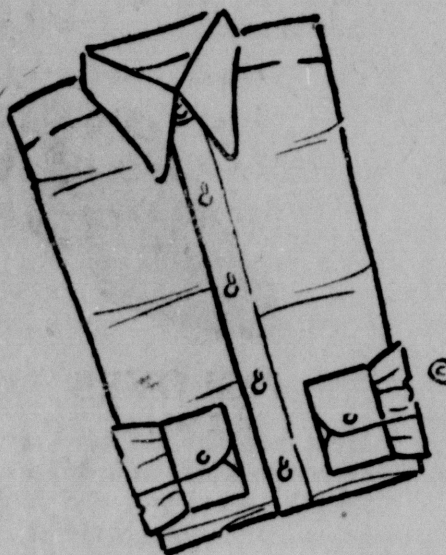

In behalf of good appearance

Special \$1.95

Finer white broadcloth shirts from the finer kind of cottons. Specially treated for soft, lasting lustre. Marvelously smooth and rich. Hand-turned, pre-shrunk collars and correct sleeve length make them still more desirable.

SEE THEM IN OUR WINDOWS. COME IN.

HENRY BRISCOE First and Peoria.

honor list last week. Beg your pardon, Vera.

Mrs. Amil Bernardin spent a few days of last week with relatives in Chicago.

Mr. and Mrs. Roland Richardson are the proud parents of a baby boy. Both mother and baby are doing nicely.

On Wednesday evening a fair-sized audience gathered in the high school gymnasium to hear Senator Harry G. Wright's lecture on his experiences in Russia. Mr. Wright's talk helped to clear up questions in the minds of many of the listeners who were particularly interested in the unusual existing conditions in Russia.

The Compton Woman's Club at its March meeting endorsed the General Federation resolution to "give consideration to those firms which do not advertise on the landscape." This is a part of the general club movement of billboard restriction.

Mr. and Mrs. Thomas Pixier and Wilbur Hutchinson of Rockford were Sunday visitors at the Methodist parsonage.

Mrs. D. C. Thompson was a business caller in Mendota Monday.

Rev. and Mrs. W. Hutchinson were called to Wauwatosa, Wis., Monday on business to be away for a few days. They expect to return this week on Friday.

Ivan Glazer has been confined to his home for some time with an in-

fection of the foot and leg. The infection is of such a serious nature that he will probably be unable to be about for some time.

Mr. and Mrs. Leonard Tullis of Rockford visited on Wednesday with Mrs. Emma Fox.

Adam Melbrech has been suffering for the past week with a badly infected throat.

Mr. and Mrs. J. Jacobs are rejoicing over the arrival of a baby daughter.

Don Gilmore, who has been taking treatments for an arm infection, is able to be out again.

Mrs. Fanny Cropley, who has been at the local hospital for the past ten days, although slightly improved, is still in a most critical condition.

Ralph Kaiser underwent an operation on his eye at the local hospital Tuesday. Dr. C. G. Pool performed the difficult operation, and the patient is recovering nicely.

William Archer has recovered from his recent illness and is able to be about again.

Miss Ella Florschuetz underwent an operation for appendicitis and was removed to her home from the hospital this week.

Antone Haefner has been suffering from acute rheumatism for the past ten days, but is improving at present.

Friends of Vera Mae Pool Hoppers, daughter of Dr. C. G. Pool, will be pleased to know of the singular honors that were conferred upon her

at the time of her graduation from the College of Education, University of Chicago, last week. Mrs. Hoppers, the youngest of a class of 350, was one of the two elected to receive her diploma with special honors, and one of three to receive honors for excellence in particular departments of the Senior colleges of the College of Education. Since the date of her registration, she has been in school only three years and three and one-half months and has, in addition to her work in the College of Education, completed her pre-medical work in Northwestern University. Mrs. Hoppers is now enrolled in the School of Medicine. Northwestern University and plans to continue with her work there.

Cornelius A. Hoppers scored with his versatile young wife in receiving honors, when he was elected to Sigma Xi, an honorary medical fraternity, having been nominated by two departments of Science for evidence of promise of ability in research in science.

Miss Mildred July, daughter of Mr. and Mrs. Chris July, and Harlo Olson, were united in marriage on Saturday evening at the Lowe Street Methodist parsonage in Chicago by Rev. M. D. Bayly. The bride was charmingly attired in a pale green chiffon frock with accessories to harmonize, and carried a bouquet of pink roses and sweet peas. The groom wore the conventional black.

The couple was attended by Irma Olson, a sister of the groom, and Don Archer of Chicago. Mrs. Olson wore an attractive dress, shell pink with harmonizing accessories.

Mrs. Olson is a very popular young lady of Compton, where she has resided since childhood with her grandparents, Mr. and Mrs. Charles Stout. She is a graduate of the Mendota high school, has attended S. T. C. at DeKalb, and is now employed as a teacher in the Sublet public school. Mr. Olson, formerly Compton, is a most estimable young man and holds a promising position in Rochelle. The happy couple will make their home in Rochelle at the end of Mrs. Olson's teaching year.

A THOUGHT FOR TODAY

For the poor always ye have with you.—John 12:8.

Poverty is the only load which heavier the more loved ones are to assist in supporting it. —Richter.

Healo, Healo, Healo! Good for the feet. Sold everywhere by leading druggists.

Turn this package over and

read the back

THE WORDS on the back of the package still mean what they say. No "extras," which do not contribute to the quality of the smoke, are included in the price of Camels. Just the utmost smoke-enjoyment that modern science can put into a cigarette.

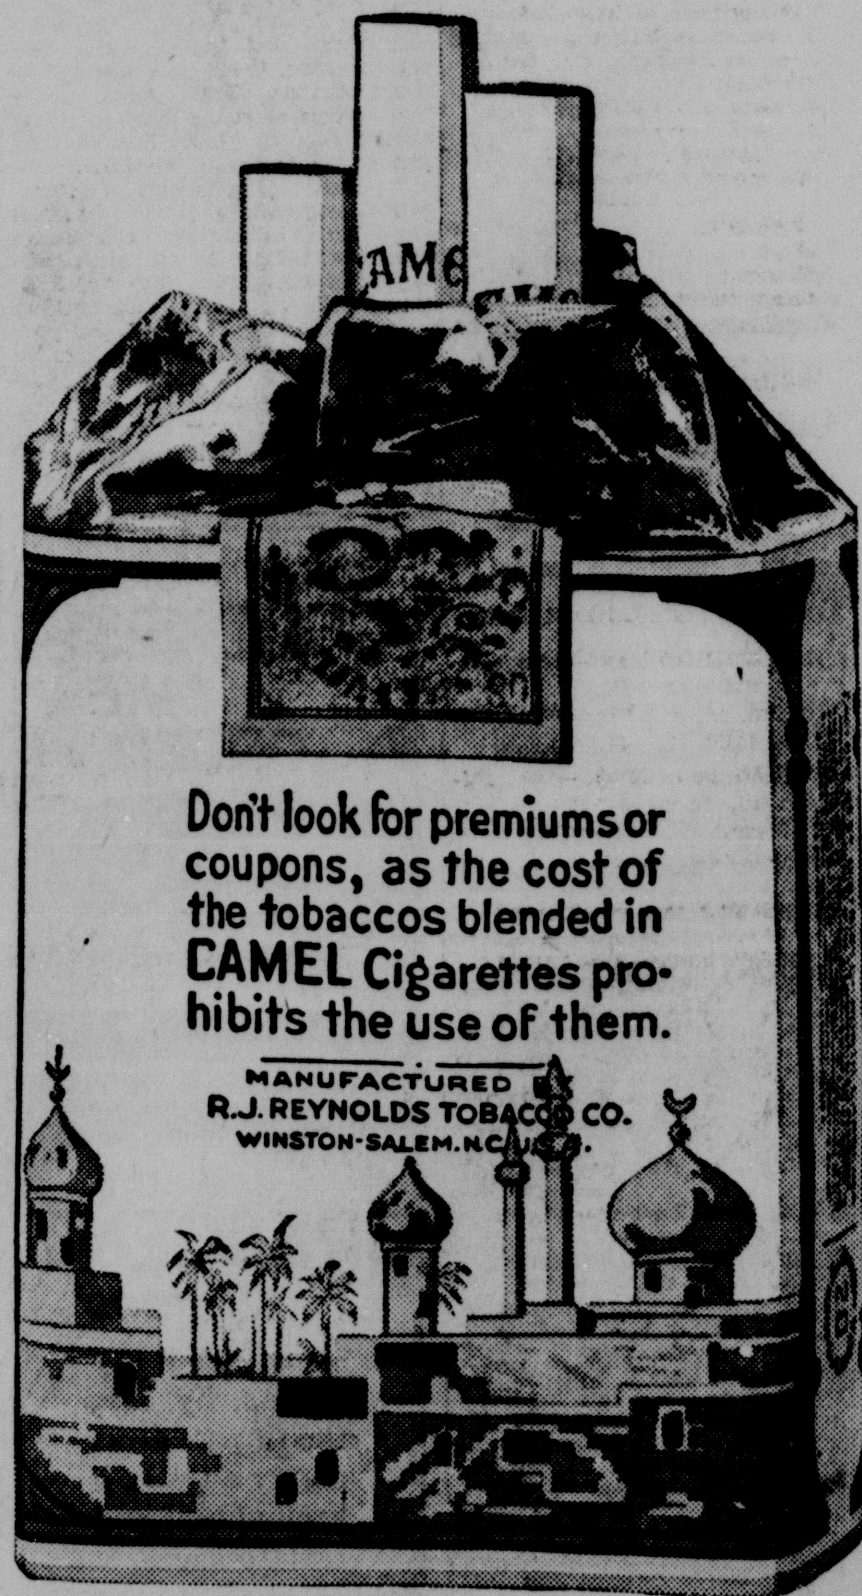

That statement was on the first package of Camels manufactured and has been on every one of the billions of Camel packages sold from that day to this. When it was first written, other cigarette manufacturers were giving away flags, pictures of actresses, pictures of ball players—almost anything that would make the smoker think he was getting something extra for his money. The makers of Camels believed the smoker wanted a cigarette sold strictly on its merits, with all of its cost put into quality—a cigarette made of such excellent tobaccos—so perfectly blended—so mellow—so fragrant—that it would win its own way.

The vast popularity of Camels is a tribute to that four-square policy.

CAMELS for pleasure

Don't look for premiums or coupons, as the cost of the tobaccos blended in CAMEL Cigarettes prohibits the use of them.

MANUFACTURED BY R.J. REYNOLDS TOBACCO CO. WINSTON-SALEM, N.C.

## BISHOP OF RHODE ISLAND IS HEAD OF EPISCOPALEANS

Elected Primate Of The Church By House Of Bishops Yesterday

Chicago, March 27.—(AP)—The Rt. Rev. James De Wolf Perry, Bishop of Rhode Island since 1911, is the new Primate of the Protestant Episcopal Church in America.

Elected by the House of Bishops yesterday, the Primate succeeds Charles P. Anderson, Bishop of Chicago, who died January 28, last.

Of the 134 Bishops eligible to vote, 84 gathered in St. James Cathedral and after a five-hour session, Bishop Perry was named on the seventh ballot, receiving 60 votes—one more than was necessary for election. Seventeen Bishops were nominated for the Primacy—an honor equal in distinction in the United States to the Archbishop of Canterbury in England.

The descendant of an old New England family, Bishop Perry was born on Oct. 3, 1871 in Germantown, Pa., where his father, the late Rev. James De Wolf Perry, was rector of the Cavalry Episcopal Church.

During the World War, Bishop Perry was head of the church's war commission and was Chaplain of an Infantry Regiment overseas. He is a great-grand nephew of Commodore Oliver Perry, hero of the battle in Lake Erie in 1812.

Bishop Perry was married in 1908 to Miss Edith Dean Weir, daughter of the director of the Yale Art School. They have two sons.

Conspicuous as chairman of the committee reorganizing the National Council of the Church, Bishop Perry is also known as a zealous advocate of church unity. He was executive chairman of the World Conference on Faith and Order which sponsored the world-wide church unity meeting in Lausanne, Switzerland in 1927.

Soon after his election, the Primate named the Rt. Rev. Hugh Latimer Burleson, Bishop of South Dakota, as his assistant. Bishop Frederick F. Reese of Chicago was elected vice chairman of the House.

Before adjourning, the House of Bishops adopted a resolution presented by the Rt. Rev. William T. Manning, Bishop of New York, uttering a "solemn protest against the religious persecution in Russia, which shocks the moral sense of the civilized world."

The Bureau Company operates telephone exchanges in Princeton, Spring Valley, Tiskilwa, Ohio, Ladd, LaMoille, Sheffield, Dover, Wyanet, Manlius and Walnut.

Florence, Ariz.—Warden Lorenzo Wright of Arizona state prison believes that Richard Nash Burrow, 19 years old Chicago youth under sentence to be hanged for the slaying of Jack Martin, Mesa, Ariz., salesman, may be mentally unbalanced.

Chicago.—Four men who pleaded guilty to participating in the "diploma ring," said to have fraudulently licensed many physicians, were sentenced to jail terms of from two to five months. They were: Harry Goldstein, alias Senator Brovsky, of Springfield; Albert C. Barron; Robert Lentine, St. Louis; and Jacob Crane, Springfield. Barrow was not in court.

Decatur.—H. H. Wolfe, salesman from New York, jumped from a fourth story window of Hotel Orlando here and was killed. His wife, notified in New York, said she could not understand why Wolfe had killed himself.

### Sick Miner Hanged Himself From Tree

Harrisburg, Ill., Mar. 26.—(AP)—The body of Andy Kevish, 45, Harco miner, was found hanging from a tree near his home early today. Tracks in the snow indicated that he had attempted to climb two other trees before scaling the one in which he died.

Ill health, lack of funds and worry over the loss of his wife were given as reasons for the apparent suicide.

## COSTS 85 CENTS A MONTH TO LOSE POUNDS OF UGLY FAT

Thousands of Women Know This Is True

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose unhealthy fat that you don't need and don't want and at the same time feel better than you have for years?

How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration?

How would you like to get your weight down to normal and at the same time develop that urge for activity that makes work a pleasure and also gain in ambition and keenness of mind?

Get on the scales today and see how much you weigh—then get an 85 cent bottle of Kruschen Salts which will last you for 4 weeks. Take one half teaspoonful every morning in a glass of hot water and when you have finished the first bottle weigh yourself again.

Now you can laugh at the people who pay hundreds of dollars to lose a few pounds of fat—now you will know the pleasant way to lose unsightly fat and you'll also know that the 6 vitalizing salts of Kruschen (Salts that your blood, nerves and glands must have to function properly)—have presented you with glorious health.

After that you'll want to walk around and say to your friends: "One 85 cent bottle of Kruschen Salts is worth one hundred dollars of any fat person's money."

Leading druggists America over sell Kruschen Salts—you can always get it at Sterling's Pharmacy and Public Drug Store.—Adv.

## STUDENTS OF MANY SCHOOLS IN FAVOR OF "MODIFICATION"

### Harvard Crimson's Poll Shows Majority Of Students "Wet"

Cambridge, Mass., Mar. 27.—(UP)—A "dry" poll conducted by the "Harvard Crimson," daily publication of Harvard University, of 14 colleges has given the "wets" a plurality of more than 3 to 1 over the "drys."

Results of the poll made public last night, showed one university—Pennsylvania—as the only "dry" college in the group. Of the 1,578 ballots cast there, 731 favored strict enforcement and 369 prohibition in its present form while 478 went on record for modification.

The vote was:  
Present situation ..... 838.  
Strict enforcement ..... 4,517.  
Modification of present laws 11,006.  
Total repeal of liquor legis-

lation ..... 5,589.  
An affirmative answer was placed opposite the question "Do you ever get drunk?" by 4,781 students while 10,017 voted "no".

Present Strict Mod. Repl. situa- entom't

## "KONJOLA ONLY MEDICINE THAT DID ANY GOOD"

Man Says New Medicine Freed Him of Many Ailments He Had Endured Five Years.

MR. ROLLEE HURLEY.

"Konjola was the only medicine that did any good," said Mr. Rollee Hurley, 3147 Converse avenue, East St. Louis. "For the past five years I suffered from rheumatism. For several days at a time, I was forced to stop working. I lost weight and strength and was in a generally run down condition. My feet and hands were swollen and I felt so miserable I was ready to give up hope of ever being any better."

"Then Konjola was recommended and I decided to find out what it would do for me. I was in for the surprise of my life. In five weeks I gained 23 pounds. Every rheumatic pain was driven from my body. Rapidly I regained my strength and today I can hardly realize I was ever in such a pitiful condition. No wonder Konjola has more than a million friends."

Konjola is sold in Dixon, Ill., at FORD HOPKINS DRUG STORE, at 123 W. First St., and by all the towns throughout this entire section.—Adv.

## Here's Why Firestone Tires Hold All Records

THE PICK of the long staple cotton crop is bought by Firestone experts in the primary cotton markets. It is shipped to Firestone's own cord fabric mills—the largest in the world—where it is first twisted into tiny threads. These threads are then tightly twisted into ply yarns, and three of these are twisted in the reverse direction into cords of fish-line strength. Exactly the right number of twists are carefully determined to secure the greatest strength and elasticity.

Not satisfied with cords of superior strength and elasticity, each individual cord is Gum-Dipped—a patented Firestone process in which every cord is submerged in a vat of pure liquid rubber gum—where every single fiber of every cord is saturated and completely covered with rubber. That's why Firestone Gum-Dipped Tires give most miles per dollar and hold all world records for speed, safety and economy. Your size is in our stock—come in. We save you money and serve you better.

## SECOND DIVISION TEAMS IN SENIOR LEAGUE IMPROVE

Threaten Domination Of Cubs, Pirates And Giant Outfits

BY GEORGE KIRKSEY  
United Press Staff Correspondent  
New York, Mar. 27.—(UP)—Three second division clubs—Cincinnati, Brooklyn and Philadelphia—will make a concentrated drive on the first division supremacy of the National League by the Cubs, Pirates, Giants and Cardinals during the coming campaign.

Only once in the past four years has the first division supremacy of this quartet been broken, and that was in 1926 when the Reds finished second, crowding the Giants down to fifth place. The four-year records of the National League leaders follows:

	Cubs	W.	L.	Pct.
1929—First	98	54	645	
1928—Third	91	63	591	
1927—Fourth	85	68	556	
1926—Fourth	82	72	532	
Avg.—First	89	64½	581	
	Pirates	W.	L.	Pct.
1929—Second	83	65	575	
1928—Fourth	85	67	559	
1927—First	94	60	610	
1926—Third	84	69	549	
Avg.—Third	87½	65½	573½	
	Cardinals	W.	L.	Pct.
1929—Fourth	73	74	513	
1928—First	95	59	617	
1927—Second	92	61	601	
1926—First	89	65	578	
Avg.—Second	89½	64½	577½	
	Giants	W.	L.	Pct.
1929—Third	84	67	556	
1928—Second	93	61	604	
1927—Third	92	62	597	
1926—Fifth	74	77	490	

**Cubs Rise To Power**  
The Cubs rise to power began in 1926 under Joe McCarthy after the Cubs had finished last in 1925. From 1926 to 1928 the Cardinals dominated the league, winning two pennants and finishing second. The Cards took a tumble last season from first to fourth.

Since the war the Pirates and Giants have dominated the league. The Giants have won four pennants since 1918 and have finished out of first division only once in 14 years. The Pirates have won two pennants—1925 and 1927—and haven't been out of first division in 12 years.

Brooklyn and Cincinnati have strengthened greatly since last season, while the powerful Phillies apparently have everything but the pitching to crowd into select company.

The Robins finished sixth last season, only 8 1/2 games out of first division, with a sadly depleted aggregation. Dazzy Vance had a bad year, Glenn Wrights and Jale Flowers were laid up with injuries, and the pitching was erratic. With Wright's arm well and Flowers' health improved, and three young pitchers—Clark, Dudley and Moss—promising to have winning years along with Vance, the Robins' hopes are bright. The Robins have a powerful outfield and plenty of reserve strength for every place.

**Howley Helps Reds.**  
Dan Howley hoisted the St. Louis Browns out of second division in the American League and many expect him to do the same thing with the Reds in the National League. The Reds had a great defensive team last year but weak hitting landed them in seventh place. With Bob Meusel and Harry Heilmann, two former American League sluggers in the outfield, the Reds promise to show a vastly improved team. Three young pitchers

## American to Guide Cambridge Shell

For the first time in the history of the famous Oxford-Cambridge boat races an American will pilot one of the shells in the event. R. E. Swartwout, shown in inset, a former American college student now registered at Cambridge, will be coxswain for the Cambridge crew. Above is a striking picture of the Cambridge oarsmen practicing at Henley, England.

ers, Ash, Gudat and Silas Johnson, promise to help out the veteran pitchers, Lucas, Rixey, Donohue and McWeeney, obtained from the Robins in a trade for Luque.

The Phillies have not finished in first division since 1917 when they placed second under the late Pat Aflan, but they may have a strong bid this year if the pitching holds up. Grover Cleveland Alexander has been coaching the pitchers and Manager Burt Shotton expects Bengie Willoughby, Collins, Sweetland, Smythe and Koupal to show improvement. The Phils' infield of Hurst, Thompson, Thelenow and Whitney is one of the best, while O'Doul, National League batting champion, and Klein, home run champion, are two of the most feared hitters in the league.

## FIGHTS LAST NIGHT

## SUGGESTIONS TO END FOULING IN RING ADVANCED

Numerous Suggestions Are Heard To Curb Foul Tactics

BY EDWARD J. NEIL  
(Associated Press Sports Writer)  
New York, March 27.—(AP)—The ancient order of fight managers, the gray beards who should know, has a few thousands word to say on the subject of the foul plague that is tearing today at the throat of their favorite pastime.

The cry for some action, some legislation that will definitely curb has reached such a pitch that a half dozen boxing commissions have increased penalties for low punching. Lawmakers are watching the political weathervane for the possibility of repealing the Walker boxing law in New York state. So far the fight profession itself has had no opportunity to suggest a cure.

But the managers have a cure. In fact they have three all decisive, and strangely enough all far more drastic and severe than any penalties but in force so far by state ruling bodies. No suggestion, however, will brook for an instant the idea that the wages of the gladiators involved in four's should be withheld.

The cure back of a majority of New York managers calls for the immediate counting out of a fighter who goes to the floor claiming foul. It would punish the scant minority of the innocent who really have been hit low with the great majority of the guilty who either are deliberately faking or are taking advantage of a technicality.

This suggestion, backed by Leo P. Lynn, who managed Jack Dempsey's comeback, Dan Morgan, pilot of the former welterweight champion, Jack Britton; Frank Backman, mentor of Maxey Rosenberg; and many others, it built around the idea that no good fighter will stay on the floor, foul or no foul, if he knows that the referee is about to count him out. These managers believe that an incapacitating foul is the rarest thing in the boxing business. Minor fouls, they insist, are just ordinary incidents in the game.

Jimmy Bronson, chief second of Gene Tunney, adds one qualification to that pain. He would permit examination by a physician after the match and a reversal of the decision if the loser had been badly fouled. The chief counter cure is offered

ing game, defeating the White Sox yesterday, 9 to 3.

Bradenton, Fla.—The St. Louis Cardinals will be given a holiday today the last open date on their training schedule. Starting tomorrow the Cards will play a ball game daily until their return to St. Louis April 11.

Infielder Bill Myers property of the Danville Club was injured when hit on the head by a bat in yesterday's 17 to 7 defeat by Rochester. He will be sent to his home in Harrisburg, Pa., to rest.

## Trying to "Get Their Man" by Wise Moves?

In a four-handed checker game like this, just the same as in love, a girl has to jump to get her man. This picture shows the deciding contest in a novel beach tournament at Los Angeles, played on a huge board with extra large "men." Dorothy New, Los Angeles society girl, is shown making a move which helped her win the championship.

by Jimmy Johnston, manager of Phil Scott, whose claims of foul started most of the clamor. Jimmy insists that rules are rules and should be enforced, that most fouls start in a fighter's corner where seconds encourage him to foul until warned, that more drastic penalties should be applied and include the foul puncher's manager, seconds and even close relations. Jimmy blames referees for indecision and fighters at times for trying to save wagers by fouling out when losing.

The mildest reform comes from Ike Dorgan, former aide to Tex Rickard at Madison Square Garden. Ike would allow no disqualification for foul, give the claimant five minutes rest, punish the offender by taking points from him, but keep the boys at their tasks if it took all night.

Joe, fight fan, who week after week buys his balcony seat and pays the freight, could see no problem at all. "Make fight over again the next week as an added attraction before you pay them and watch those eggs out fouling," he said. This suggestion positively horrified the managers.

School, according to an announcement here. Edward Kotal, former Lawrence football star, will take the position.

Johnston City, Ill.—On its way north to defend its national high school basketball title, the Athens, Tex., team stopped off here and defeated Johnston City, Illinois state champions in 1929, 22-11. The Athens team will play in the University of Chicago national interscholastic tournament, which begins next week.

Los Angeles—Primo Carnera, Italian heavyweight, will make his debut in southern California April 8, against an unannounced opponent. Promoter Jack Doyle said today. The bout was negotiated through Frank Churchill, local agent for the giant Italian, who indicated that the fighter may train at Soper's ranch where Jack Dempsey worked out for his comeback.

New York—The British Amateur Athletic Association has accepted an invitation to compete with the United States in a track meet at

Chicago or Cambridge on August 27, Daniel J. Ferris, Secretary of the Amateur Athletic Union announced today.

New York—Richard Shikat of Germany, heavyweight wrestling title claimant, defeated Henry Steinbach of Germany in 13 minutes of a finish match at Ridgewood Grove last night.

Boston's Bruins and the Montreal Maroons meet at Boston tonight in the fourth game of the National Hockey League's first place Stanley Cup playoffs. The Bruins lead, 2 games to 1, and need only one more victory to enter the championship finals. If a fifth game is necessary it will be played at Boston Saturday. The Montreal Canadiens and New York Rangers open their two-out-of-three game semi-finals competition at Montreal tomorrow, with the second game scheduled at New York Sunday. The winner will meet the Bruins-Maroons survivor for the championship.

The Canadiens entered the semi-finals by tying Chicago, 2 to 2, at

Montreal last night in the longest play off game on record. Chicago led, 2 to 1, at the end of the regulation 60 minutes of play and 51 minutes and 43 seconds of overtime play was necessary to decide the series, which was decided on total goals for two games. The Canadiens had won a previous game at Chicago, 1 to 0.

Philadelphia—Midget Wolgast is recognized in New York and Pennsylvania as world featherweight boxing champion but may not be allowed to defend his title in New York over the championship route.

Wolgast was approved as champion yesterday by the Pennsylvania Commission but it was revealed that the champion is only 19.

The New York Commission has a rule prohibiting amateurs under 21 from boxing more than six rounds. Wolgast won his title in a 15-round bout with Black Bill of Cuba at New York last Friday.

Cleveland, O.—New leaders are found atop two divisions of the American Bowling Congress as a result of some sensational pin toppling here yesterday.

Turning in a score of 2,959, the Schwartz Ballroom of Hartford, Wis. went into a first place tie with the New York Spartans in the team event. Last night's high scoring also put another team into the standings, the Bartunek Clothes of Cleveland grabbing ninth place with a total of 2,910.

The most sensational effort of the day was turned in by Frank Parcar and Joe Lusardi, Rochester, N. Y., who jumped into the doubles lead with 1,337, 28 pins ahead of the former leaders, Emil Matak and Jimmy Mitchell, St. Paul, Minn. The Rochester pair is conceded an excellent chance of remaining at the top through the remainder of the tournament.

## Kearns Must Pay His Wife Sum Of \$2,000

Los Angeles, March 27.—(UP)—Jack Kearns, manager of prizefighters, must pay Legana Kearns \$2,000 on the woman's claim that she is his wife and that he agreed to pay \$500 a month "until either should obtain a divorce."

Judgement was rendered late yesterday on the basis of a contract between the two. Kearns denies the marriage.

In a deposition made in New York, the woman, also known as Edith Angel, testified that she married Kearns in 1921 in Atlantic City.

## SPORT BRIEFS

BY UNITED PRESS  
LaFayette, Ind.—Heavy snowfall has forced the Purdue baseball team to call off its first outdoor practice, which it had intended to go through to prepare for the first game of the season against Wabash, April 4.

Appleton, Wis.—Clarence Rasmussen, Lawrence College football coach, has resigned to accept the principalship of the Milwaukee Country Day

## What the New York Life Insurance Co. HAS ACCOMPLISHED IN 85 YEARS

ACCOMPLISHED IN THE SINGLE YEAR 1929

The Company Since Its Organization Has Paid in Settlement of Death Claims

1,040 Million Dollars

Paid to and on account of living policy-holder for dividends, matured Endowments, surrendered policies, etc., over

1 Billion 935 Millions

Total paid to policy-holders over

2 Billions 975 Millions

It now holds in Assets for the policy-holders over

1 Billion 665 Millions

Total amount paid to and on account of policy-holders or held for their benefit over

4 Billions 640 Millions

During this same period the Company has received in premiums from its policyholders

4 Billions 186 Millions

It has paid to and on account of or now holds for its policyholders over more than the total amount received from them.

454 Million Dollars

The Company issued during 1929

324,130 Policies

For new paid insurance amounting to nearly

953 Million Dollars

The number of policies increased to

2,678,675 Policies

Protecting homes and business interests for

7 Billions 266 Millions

During 1929 the Company paid on the lives of 14,640 policy-holders death-claims amounting to

60 1/2 Million Dollars

During 1929 the Company paid to living policy-holders in maturing policies and other cash benefits

117 1/2 Million Dollars

During 1929 the Company loaned at interest to policy-holders on the sole security of their policies over

77 Million Dollars

During 1929 the Company paid to its policy-holders in dividends alone (included in the 117 1/2 Million Dollars above) ....

66 Million Dollars

A Great Co-operative Thrift Society which You Are Invited to Join

Remember there are no STOCK-HOLDERS in the New York Life. It is owned and controlled by the holders of over Two and a Half Million policies—who receive all the profits and benefits.

## EARLY MARCH

DO not see her anywhere  
(Yet she is fair!)  
I hear her laughter flowing  
And know her growing  
In crimsoning hedgerows where  
A thrush is singing on a bare  
Bright branch, O dear  
She is in her invisible brightness!  
And not too soon  
Would I behold her whiteness  
In beauty's blossoming.

She has kissed the furrowed fields  
That lie  
Under a sky  
All white-embroidered where  
Sunbeams in bright gleams  
Ruby the berried hedge. Ah there  
Her feet have lingered  
And the air  
Is soft with her sweet odors. Fair  
Is she in her invisible brightness,  
And not too soon  
Would I behold her whiteness  
In beauty's blossoming.

—Florence Irene Gubbins.

## Household Science Elected Officers

The Walnut Household Science club met at the home of Mrs. Anna Phillips Friday afternoon, with Mrs. Lillian Burke and Mrs. Ira Stephens assistant hostesses. There were 20 members and three guests, Miss Leona Clark, Mrs. Violet Winger and Mrs. Inez Johnson, present. At the close of the regular business meeting an election of officers was held as follows:

President, Mrs. Amelia Langford; vice president, Mrs. Grace Borop; secretary and treasurer, Mrs. Alta Melton. Steam currant pudding was demonstrated. A dainty lunch was served.

## EXCELLENT RECIPE FOR HONEY JELLY—

Measure 1/2 cup water and 2 1/2 cups (1 1/2 lbs.) honey into saucepan. Stir; bring to boil. At once add 1/2 cup of bottled pectin, stirring constantly. Bring again to full rolling boil. Remove from fire. Skim; pour quickly. Cover hot jelly with film of hot paraffin. When jelly is cold, cover with 1/4 inch of hot paraffin. Roll glass to spread paraffin on sides. Makes 4 to 5 8-oz. glasses.

## FAVOR WHITE LAMB FOR COAT TRIMMING—

PARIS —(AP)—One new wrap suggested for spring is a three-quarter jacket of white shaved lamb. White lamb is the most favored of all furs for trimming on black or dark colored coats of formal or semi-formal afternoon type. The shorter the shave the smarter is the shaved lamb.

## VISITED SCHULER FAMILY IN CALIFORNIA—

Mrs. Lillian Benjamin, and Mrs. Frank Porter Howell of Dixon, with Mrs. Lillian Morse of Los Angeles, who are visiting in LaJolla, Cal., dined recently with Mrs. Louis J. Rice, nee Imogene Schuler. Later the party enjoyed the coast drive with Mrs. E. T. Schuler, mother of Mrs. Rice. Mrs. Schuler is wintering in San Diego.

## CULTURE INSTITUTE OPENS

Florence, Italy—(AP)—An Institute of Culture for foreigners is to be opened here under auspices of the Tuscan federation for tourists. Designed for foreigners resident in Florence and also for foreign visitors, it is to teach Italian culture.

## GIRL SCOUT COURT OF AWARDS—

The Girl Scout Court of Awards will be held Friday evening in the former south side high school room.

## MYSTIC WORKERS TO MEET FRIDAY EVENING—

The Mystic Workers will meet Friday evening in their hall at 8 o'clock.

## To Have Code of Ethics for Talking Pictures—Good Move

BY GEORGE H. BEALE  
(United Press Staff Correspondent)  
Hollywood, March 27—(UP)—The screen colony has anxious eyes on New York this week, wondering what Will Hays and the members of the Motion Picture Producers & Distributors are going to do about a code of ethics for the talking pictures.

Hays, reports here indicate, is whipping the code into shape preparatory to placing it before the eastern organization at its annual meeting on March 31.

The code, a virtual censorship from within the industry, was suggested and passed by Hays' western group, the Association of Motion picture producers.

The adoption of the code has become of increasing importance since Representatives Grant M. Hudson of Michigan has been pressing Congress to pass his bill for a Federal censorship of motion pictures.

In general, the code commands that no member of the Hays' organization produce a picture which will lower the moral standards of life—subject only to the requirements of the drama—be shown and that no picture shall ridicule law.

Among matters specifically outlawed by the code is the presentation of a crime in such a way as to throw sympathy to the criminal or to inspire a desire for imitation.

Furthermore, the methods of crime shall not be detailed. The code also holds that illegal drug traffic must never be represented.

"The sanctity of the institution of marriage and the home shall be upheld," the code reads. "Adultery, sometimes necessary plot material, must not be justified nor treated attractively."

Other sections of the code provide:

That scenes of passion must not be treated in a manner to stimulate the lower and baser elements.  
That white slavery shall not be used at all.  
That obscenity in word, gesture, reference, song or by suggestion is forbidden.

That complete nudity never will be permitted. That indecent or undue exposure is forbidden.  
That no film may throw ridicule on any religious faith. That ministers should not be used as comic characters or villains.

That salacious, indecent or obscene titles must not be used.  
The code concludes with a paragraph that demands the following subjects be created with "good taste."

Actual hangings or electrocutions, third degree methods, brutality and possible gruesomeness, branding of people or animals. Apparent cruelty to children or animals, a woman selling her virtue.

According to the plan proposed when the code was passed here, producers will be required to submit every picture they produce before the final print of the negative is made.

Although the Hays organization refers to the code merely as a policy move, censorship is considered the major impelling interest behind the proposal.

The effect the code will have—providing it is adopted—is apparent since the Hays' organization produces 90 per cent of the world's motion pictures.

## YOUR CHILDREN by OLIVE ROBERTS BARTON

In this battle to train the less admirable emotions out of the human race, it often is difficult to decide just what they are.

We know that anger, jealousy, hate, selfishness and cowardice are obviously material for our unending efforts in that direction. On the very face of things, these elements stand out quite obviously as about the worst things in our make-up.

But those others on the border line—what about them?

Pity is supposed to be one of the virtues. It is one of the virtues. Pity and charity and sympathy are the finest attributes of a human soul; to help those in distress, to understand and aid those whom adversity has overtaken. What would this world be without pity and sympathy and love? Not much of a place, to be sure.

But to give we must have a recipient. And how about the recipient? Has he no rights in the matter?

Dear me! How deep we are delving into this matter of emotional training. We're digging up all sorts of spectres these days—things that Horatio never dreamed of in his philosophy.

Considering the Child  
It is with the recipient that we must deal in this matter of child training.

The child is little—we are big. He is the recipient of our pity and sympathy. We are the givers.

It is a grand thing for us to live up to the moral decalogue—to exercise our prerogative of self expression. How fine of us to tie up Tessie's hurt hand, to wax indignant over Tommy's cruel teacher, to cultivate in each and every young breast a perfect hot-bed of the weeds of self-pity later on. What are we doing to Tommy and Tessie? Like our Nell, I'll say we're doing them both wrong.

The other day a little 10-year-old girl's mother was called out of town by the death of a relative. The housework was left for young Mary.

She made beds, as best she could, burned the lunch, was late for school.

## Complete Hair Dressing Service

Choose the most responsible shoppe where experts only are allowed to touch your hair. Often simply a wrong snip with the shears, or the wrong angle to a curl will mar the perfection of your head dress.

## Paris Models Demand Heated Studio For Poses "In Scant"

BY HENRY CUMMING  
(United Press Staff Correspondent)

Paris, March 27—(UP)—Violent agitation from Montmartre to Montparnasse is rife among artists' models demanding proper heating arrangements in the studios to protect their shrinking nude bodies from the recent icy blasts of unusually severe intensity.

Painters and sculptors are being subjected to as searching an examination regarding their plumbing and heating apparatus as they are wont to impose upon the prospective model in the matter of her curves and contours. The artist who is unable to produce satisfactory evidence of comfort in his workshop must frequently content himself with the portrayal of be-wrapped and bundled figures of skaters and skiers during the inclement winter months.

Little difficulty is encountered by the artists in discovering shapely models; they have simply become somewhat less amiable and tractable on being invited to doff their garments in what sometimes amounts to a refrigerating plant. The famous "Marches aux Modes," or Model Markets, are found both on the slopes of Montmartre and in the Latin Quarter as well. Here every imaginable type of femininity is found. Willow and chunky, innocent and seasoned, of all temperaments and nationalities, they are clustered every Monday morning in the corridors of the art academies on both banks of the river.

Awaiting inspection by prospective employers, they chatter animatedly and congenially among themselves, for, strangely enough there is almost no jealousy in the modelling profession. Friendly groups of models are to be seen invariably squeezed together on narrow benches, communing quietly or excitedly, like a covey of larks on a limb.

On the approach of the painter or sculptor, suppressed eagerness and anxiety charges the atmosphere; the larks turn into peacocks, and studied preening takes the place of idle gossip. An inquisitive artist may occasionally politely request one of the seated models to divulge the turn of a calf or a knee by the lifting of her dress. Others are asked to stand, to turn, to stretch, and in short, to undergo a preliminary inspection before being given a trial in the nude.

As a rule the Parisian model is serious and hard-working; few trades are more exacting in their nature, or require more rigorous adherence to a normal and healthy life. The usual payment of two dollars a sitting, or standing, as the case may be, is considered a good return, and those fortunate enough to possess bodies of grace and unusual beauty earn bonuses.

The well-known ambition of the model, in Paris, as elsewhere, is to marry her artist-employer, particularly if her is successful. Success is often gauged, too, on the quality of the artist's work, apart from its commercial value, and while few models would seriously object to marrying a millionaire, the increasing number of marriages in Paris between models and unknown artists attests the sympathy and esteem existing between members of the two vocations.

and generally had a bad time of it. She, however, had worked along bravely till 6 o'clock when her mother came home.

Mary had burnt her hand, spoiled a dress, and altogether was the worse for wear when her mother came into the kitchen. But so far it had never occurred to her to feel sorry for herself. She was mad—she was a bit discouraged, she was in a hurry—but so far, self-pity wasn't part of it.

Self-Pity Bred

Her mother took one look around, the tears started to her eyes, she gathered Mary into her arms and with ten tons of pity in her voice she crooned out, "You poor, poor little soul!"

Instantly Mary was dissolved. She perceived for the first time what a terrible martyr she was. All the fine constructive experience of a day—a tough day, we'll admit—gone for nothing!

The end of that perfect day would have been for her mother to have said brightly: "Well, what a fine daughter I have! You've done so well—I'm proud of you."

Whenever Mary is left to do her bit of housework after this, she's going to be consumed with self-pity. What a shame!

It is the greatest destroyer of efficiency and self-confidence I know.

FASHION HINTS—  
DOUBLE PEPLUM—A navy blue polka dotted suit has a double peplum on its coat and a gored skirt that has tremendous flare below the knees.

TWO-TONE PRINTS—For evening big figured prints, in two tones are excellent. For daytime the print with three colors in it is better for it allows more leeway for accessories.

RIBBED SILK—Black ribbed silk

the same curved line in the back as the skirt's yoke.

Evening SCARF—Ermine is used for the newest evening accessory, a little cape collar to top a diaphanous gown of pale green chiffon. The ermine is really a modern version of the old collar.

Evening PLEATS—Patou en-

dorses pleats for evening and makes a printed chiffon gown high waisted with long skirt pleated right from the waistline.

THREE-QUARTERS SLEEVE—A new black broadcloth coat for spring, with fitted lines, has three-quarters sleeves that flare slightly. Long gloves are worn with it.

PUFF CUFFS—A navy blue flat crepe frock with white vestee has little puff cuffs of the white organdie, banded into the narrowest kind of a wristband.

(Additional Society on Page 2).

## NEW HARVESTER FOR SUGAR CANE REDUCES LABOR

Florida and Louisiana  
Fields Are Proving  
Grounds For Invention

Stevenson, Fla. —(UP)—What the harvester did for wheat growing in the Northwest, a new machine for harvesting sugar cane promises to do for sugar cane growers in the South. Ripping its way through tall fields of cane in both Louisiana and the new sugar plantations in the Florida Everglades, the sugar cane harvester cuts the cane and strips it clean of leaves at the rate of 20 tons, per hour, qualling the work of 150 skilled field hands. So successful were the operations of two of these machines this year that four more are now under construction and will be ready for next year's harvesting.

Because of its tremendous significance to cane growers the world over, the development of the sugar cane harvester was carried on with the utmost secrecy until it reached the point where success was completely assured.

The sugar cane harvester is the invention of Carl G. Muench, of New Orleans.

Because it will work twenty-four hours a day, while the field hand cannot work more than ten hours, the new harvester actually more than replaces the work of 300 men per day.

The perfection of the cane harvester ends half a century of failure on the part of sugar men to build a machine that will cut the tough cane stalk, strip off the foliage and leave the stalk ready for the sugar grinding mill. Combined with a cane planting machine recently perfected by N. C. Storey, mechanical engineer and former engineer in charge of mechanical maintenance at the Panama Canal, the harvester means the complete utilization of machinery for sugar cane planting, cultivation and harvesting.

The harvesters supply their own motive power and also power for the cutting and stripping operations with an eighty-five horse-power motor. The machinery is mounted on a caterpillar tractor chassis. The wide endless treads keep the heavy machines from sinking into the soft soil of the average plantation.

been that the average independent has not kept up with the times, has allowed his merchandise to lay on the shelves and has failed to keep his windows properly dressed while the chain store has realized the value of advertising and keeps his windows tied up with his regular advertising and the business has slipped from the independent merchant and he is just beginning to wake up to the fact that his business is slipping away from him and going to the chain store.

The result of the constant advertising of chain stores has brought about, in a number of cities, the organization of the Independent Merchant's Association to fight the chain store. The fight has brought to the attention of the buying public a comparison of prices and the difference between the appearance of the chain and independent store. This has caused the independent merchant to freshen up his store and put in a complete line of merchandise and to realize that, if he is to stay in business, he has to fight the chain store with the same weapon, the greatest of all in a fight of this kind — "ADVERTISING". It has made the independent merchant realize the value of advertising, so the chain store has taught a good many of the merchants the real value of legitimate advertising and the final analysis has been that THE INDEPENDENT HAS AWAKENED TO THE FACT THAT COMPETITION IS THE SPICE OF LIFE.

## TEMPERANCE HILL

TEMPERANCE HILL — Mildred Leake attended the Junior Prom in Oregon Friday night.

Mr. and Mrs. Frank Atkinson and family spent Tuesday evening at the home of Mr. and Mrs. George Killmer of Amboy.

## ABE MARTIN

"I don't know what we're goin' to do if somethin' hain't done to curb the awful cost o' livin'," said Joe Kite today when he read that it cost \$58 to call up Roumania. Easily the most brilliant an' orderly social affair o' the early spring season wuz the Bud-Purviance weddin' last evenin'." The ushers remainin' sober till nearly 9:30.

Mrs. George Killmer who have just returned from a pleasant winter in California.

Kenneth Dewey returned Monday from the Amboy Hospital where he has been a patient the last ten days.

Mr. and Mrs. Boyd and family and Mr. and Mrs. Killmer of Ashton were Sunday dinner guests at the F. H. Mynard home.

Mr. and Mrs. Extra Dewey were callers Monday afternoon at the D. C. Leake home in Dixon. Mr. Leake is seriously ill with pneumonia.

Mrs. W. J. Leake and daughter, Mildred spent Friday at the J. L. Richardson home.

## Armed Bandits Blow Up Bank In Missouri

Sarcoxie, Mo., March 26—(UP)—Armed bandits early this morning blew open the safe of the First National Bank here, obtained \$5,000 cash and escaped in a motor car after an exchange of shots which wounded one man.

The Dixon Evening Telegraph ask their subscribers living in the rural districts to take advantage of the Telegraph's club magazine offer. If

## Has Lost His Faith In Chicago Fair Sex

Chicago, March 26—(UP)—Henry Sexton, secretary-treasurer of an auto sales company, has lost his faith in women, and about \$2,000 besides.

A girl he knew only as "Marge" talked to him on the telephone yesterday and they made an appointment to meet. When the storm grew worse, Sexton told her to go to his hotel room rather than walk to his office.

"You can get the key from the clerk," he said. "Just make yourself at home."

When Sexton walked into his room, "Marge" was there, along with two men with pistols. She took \$90 and \$1,975 in checks from him while the men tied him to a chair with his own spare neckties.

NURSES. Will find record sheets at the B. F. Shaw Printing Co., Dixon, Ill. If

Subscribers should take advantage of our magazine offer. Call No. 5 for further information. Dixon Evening Telegraph.

## SPAIN SEEKING TO GOVERN BY CONSTITUTION

New Government Meets  
Difficulty, However,  
After Dictatorship

By WILLIAM H. LANDER  
(United Press Staff Correspondent)  
Madrid —(UP)—The government of the Count of Xaen announced it would restore liberties of Spanish citizens, and it has given proof of progress in that direction.

The "transition government" in power since January 28, is being administered in accordance with the Constitution of 1876 and the laws in force when the Marquis of Estella became dictator.

Don Jose Estrada, Minister of Justice and Worship, announced that the Council of Ministers no longer would over-ride decisions of the Supreme Court, or take judicial affairs out of the hands of the courts to settle them by writing out royal decrees, or orders, and publishing them in the Gaceta de Madrid.

Reparations for the victims of arbitrary acts of the Dictatorship is a ticklish and complicated proposition which is being brought forward daily. Some persons claim their reputations were affected; others are victims of false imprisonment, or privations of position. One of the interesting cases is that of the alleged ring-leaders of the so-called abortive revolution of Saint John's Day, June 24, 1926, who, instead of being tried for their lives by court-martial on the grounds of conspiracy and treason were made to pay heavy cash fines upon order of the Marquis of Estella.

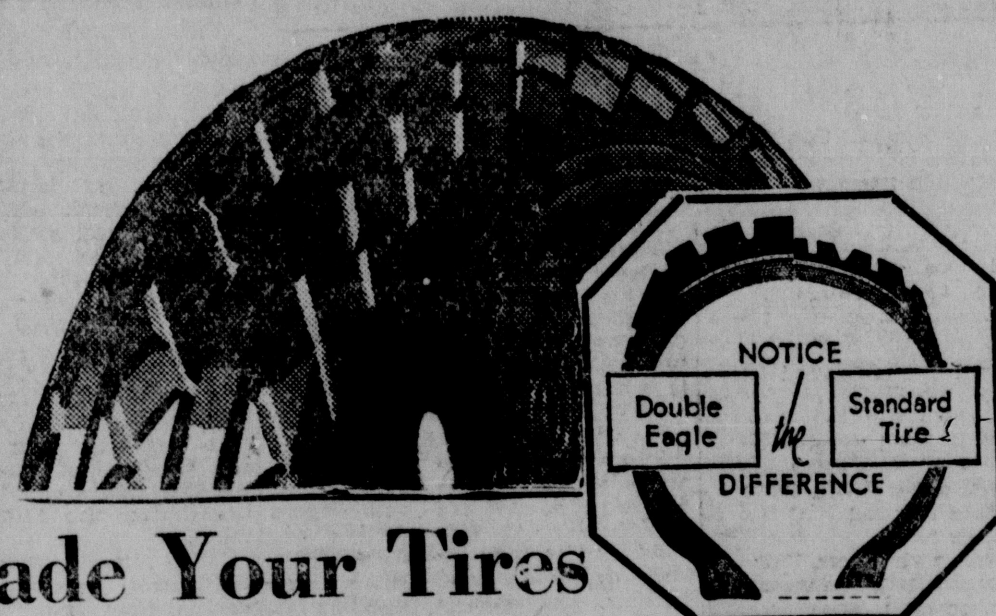

The government realizes that as much as it may try to do things constitutionally, circumstances may yet force it to do otherwise. In a recent ministerial declaration reference was made to the fact that it "would have liked to be in a position to count upon organisms of genuine popular representation" but that their absence "was a reality which the government had to confront."

Count Romanones used to say,

"Without censorship, there would be no dictatorship," implying that the mere removal of the censorship would be sufficient to bring about the downfall of the dictatorship. But the dictatorship fell anyhow, yet the censorship remains, and indications are that it will continue a good while longer.

The population of the world is now estimated at 1,900,000,000.

That advertising is the greatest asset any firm can have. Legitimate advertising, when backed up with good merchandise and personal service, will increase any line of business.

The chain store, in the last few years, has demonstrated this fact, and the independent merchant figures that because he is a home owned store, that he can get along without advertising and the people will trade with him regardless. The result has

## Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years standing.

Local people, many of whom you know, are highly endorsing Tanlac. For example, Mrs. Ellen White says: "For years I suffered from indigestion. I got no relief from anything until I took Tanlac. After my fourth bottle, I feel like a new person and have a fine appetite."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation, or torpid liver; if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you. Accept no substitute.

## IOWAN MURDERS TWO DAUGHTERS: SHOOTS HIMSELF

### Beat Crippled Girl To Death And Then Shot Another Daughter

Newton, Ia., March 27.—(AP)—County officials today were seeking a motive that prompted George McKinney, to beat his daughter, Artie Dora, 25, to death, and then shoot and kill his other daughter, Gladys, 12, on his farm three miles southeast of Mitchellville. Puzled over the slaying officials turned to insanity as the most plausible. McKinney told Sheriff George C. Kelly that "something had been telling him the last two years to kill them."

After disposing of the girls, McKinney shot himself in the hand and went to Newton where he gave himself up to the Sheriff.

After dinner yesterday, McKinney's wife and their son Lloyd, 21, drove to Mitchellville to shop. Loren, 23, another son, and Marshall, 22, the third son, were away from the farm, leaving McKinney and Artie Dora alone.

McKinney's hazy description to the Sheriff revealed he beat the elder daughter, who had only one leg,

about the head as she was doing the housework. He dragged her body upstairs to a bedroom, placed it on a bed and locked the door.

The farmer then went to the country school to get Gladys, he told the Sheriff. They made the return trip in McKinney's auto and drove immediately in the barn.

When Gladys got out of the machine, McKinney shot her twice in the head. He then shot himself through the hand.

McKinney accidentally shot his elder daughter in the leg while cleaning a gun nine years ago, necessitating amputation.

The confessed killer was in the county jail today.

### Steeplechase Holds Liverpool Interest

United Press Staff Correspondent.  
Liverpool, Eng., March 27.—(UP)—Work was forgotten today as Liverpool took on a carnival atmosphere for the week-end holiday featuring the annual running of the Grand National Steeplechase. The city alighted was crowded with the vanguard of the 500,000 spectators expected to witness Great Britain's oldest steeplechase—one of the world's greatest sporting events.

Officials were putting the finishing touches on the courses. All jumps and stables were officially inspected.

The original field of 84 entrants has dwindled to 48, and with additional scratches anticipated, is expected to be one of the smallest in years.

Chances of an American victory were reduced by the scratching of J. H. Whitney's Easter Hero and Victor Emanuel's Rhythmic, although J. H. Whitney's Sir Lindsay, Victor Smith's K. C. B. and Stephen Sanford's Sandy Hook were conceded to have excellent prospects.

Other American entrants are J. B. Snow's Delarue; M. D. Blair's Ballyharwood; R. K. Mellon's Glanges; H. G. Seifridge's Ruddyman and Victor Emanuel's Royal Arch II.

### LEGAL PUBLICATIONS

#### NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements of the City of Dixon, Illinois, and endorsed "Proposals for the furnishing of labor and materials for the construction of reinforced concrete pavement, concrete combined curb and gutter, concrete sidewalks and necessary storm water drainage on parts of Peoria Avenue and River Street in the City of Dixon, Illinois, as provided for in Local Improvement Ordinance No. 253, Series of 1930, will be received by the Board of Local Improvements of said City of Dixon, until 8:15 o'clock P. M., Tuesday, the 31st day of April, A. D. 1930, and will be publicly opened by the President of said Board of said City at a meeting of said Board of Local Improvements to be held in the Council Chamber in the City Hall in said City, at said hour of 8:15 o'clock P. M., April 15th, 1930.

Each bid for the improvement must be accompanied by a certified check or cash for an amount not less than ten percent of the aggregate of such proposals. All certified checks must be drawn upon some responsible bank and payable to the order of said President in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board until all bids have been canvassed and the contract has been awarded and signed. The return of such cash or certified check to the successful bidder being conditioned upon his or their appearance within twenty days after having been notified of the award having been made to him, or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to said Board in a sum equal to at least one-third of the amount of such bid, with sureties to be approved by the President of such Board and filed with such Board which bond shall provide that the contractor shall well and faithfully perform and execute said work in all respects according to the detailed and complete specifications and full and complete drawings, profiles and models thereof, and according to the time, and terms and conditions of the contract and also that the contractor shall promptly pay all debts incurred by such bidder or contractor in the prosecution of such work, including those for labor and material furnished, and all bids shall contain an offer to furnish such bond upon the acceptance of such bid.

All proposals shall be made upon blanks to be furnished by the Clerk of said City at his office.

Payment for the work for which such tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by said Board of Local Improvements, which bonds shall bear interest at the rate of five per cent per annum. No bid will be accepted by said Board unless the party making it shall furnish sufficient capital to enable him successfully to prosecute same in case the contract shall be awarded to him.

Bidders will examine the ordinance, plans, plats, profiles and specifications and also the locality of such work and judge for themselves of the circumstances and conditions affecting the cost and nature of said work. Specifications, maps, plans, profiles and ordinance aforesaid are on file at the office of the City Clerk of Dixon, Illinois.

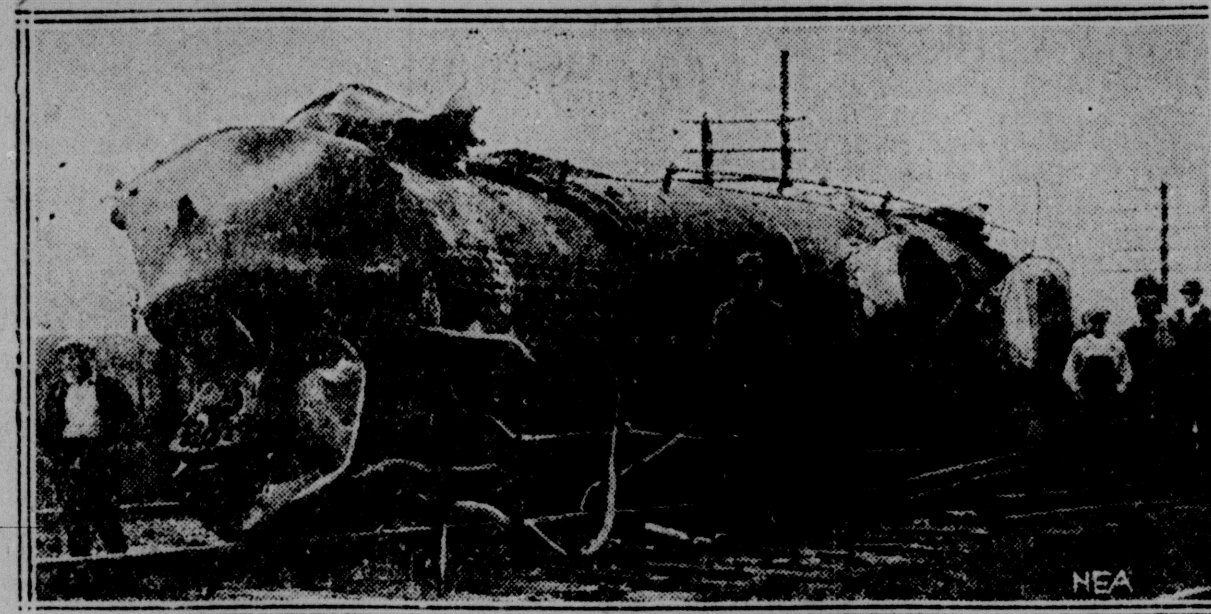

The person to whom said contract for the construction of such improvement is awarded shall, before the commencement of work under such contract provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois in the prosecution of such work.

The Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, this 25th day of March, A. D. 1930.

Frank D. Palmer, President.  
George A. Campbell, Member.  
John A. Loftus, Member.  
Board of Local Improvements of the City of Dixon, Illinois.  
By E. E. Wingert, Attorney.

## Locomotive Explodes, Kills Three and Fires 31 Cars

This bug-like object, with its leering mouth, is what remained of a Louisville and Nashville freight engine after its boiler burst, killing three men and tearing up a mile of track and 18 freight cars, near Springfield, Tenn. The explosion set fire to 31 cars, shooting flames so high they could be seen for miles.

## CONDITIONS ARE ON UPGRADE IN COHEN OPINION

### Illinois Labor Director Sees Bright Prospects For The Future

Springfield, Ill., March 27.—(UP)—Business conditions in Illinois are on the upgrade according to a survey of building projects launched last month in principal cities of the state, an analysis of which as made public by the state department of labor here today.

"The valuation of building permits has been very low for several months but February shows an increase of 24.6 per cent over the figures for January," said Barney Cohen, Director of the State Department of Labor. "As work is begun on these authorized buildings, employment in this and allied industries will naturally increase."

"As an important part of the construction work to be done in the state we must not forget the institutional and road building programs of the state. They will materially aid the employment situation."

"For the construction of new buildings at its various institutions the state will spend approximately \$10,000,000 this year. In road construction, it will spend between \$26,000,000 and \$30,000,000 for new roads alone. In addition, a considerable sum will be spent by the 102 counties who get one-third of the available gas tax money."

"A large amount of public building in addition to the state's program, and other non-residential building, is in progress for 1930 including among other projects the construction of three large buildings for the Chicago World's Fair."

Everyone is invited to attend.

## NEWS of the CHURCHES

### GRACE EVANGELICAL CHURCH

Col. Alfred L. Moody, of Indiana, who after more than twenty years as a teacher and Superintendent of Schools, saw service in France and has been covering the nation as a lecturer since his return from Europe at the close of the World War, will speak in the Grace Evangelical church Sunday morning at 10:45 A. M. in the interest of Prohibition and Law Enforcement.

His address is both interesting and

## CARNERA WINS FROM TRAFTON IN 54 SECONDS

### Giant Italian Wins In Jig Time In Kansas City Contest

Kansas City, March 27.—(AP)—Primo Carnera, giant Italian carpenter, today boasted twelve knockouts in as many appearances in American boxing rings, the result of a 54 second victory here last night over George Trafton, erstwhile Chicago football professional.

The heavyweight match, scheduled for ten rounds ended after Trafton fell to the canvas for the third time. The 8,000 fans present booed and jeered.

At the bell Trafton rushed across the ring at the towering Italian. After a mild embrace he fell to the floor on stomach at the count of six the ex-football player arose and again charged. Carnera's big hand swung and again Trafton fell.

The foreigner walked to his corner, placed his hands on the ropes, and gazed at the crowd. Trafton climbed to his feet at the count of nine, hurried across the ring, and plouted his opponent in the back.

Carnera then turned quickly and the Chicagoan fell for the count beneath a flurry of rights and lefts.

A short right hand jab to the chin ended the fight.

The Italian weighed 274 pounds, his opponent 229.

As the result of last night's fight Carnera's gross earnings now are well over \$100.00 mark. None of his matches has gone more than three rounds.

The best fight on the card was the semi-windup between Ivan Laffineur, billed as the welterweight champion of France, and Meyer Grace, of Chicago. Grace was awarded a technical knockout in the sixth when Laffineur claimed a foul but a physician, after an examination, said there was no evidence of a low blow.

### Notables Gather To Do Honor To Eckie

Chicago, March 27.—(UP)—Notables of the sport world gathered today to attend the funeral of Walter Eckersall, all-time All-American quarterback and well known sports writer, who died Monday.

"Eckie's" death came after a lifetime of enviable achievements during which he played football for the University of Chicago four years, became one of the country's best known athletic officials, and assumed the position of the middleweight's outstanding sports critic.

Funeral services were set for this morning at Holy Cross church, only a short distance from the University of Chicago athletic field, where he

performed his outstanding football play.

### Don Has Three More Days To Make Trial

Daytona Beach, Fla., March 27.—(UP)—With today marked off Kaye Don had three days more in which to make his heralded world's speed record run. Then he either will have to secure an extension of time from the City of Daytona and the American Automobile Association, or abandon the attempt.

While it seemed more probable that he would be given as much time as he might desire, here and there were persons who believed no extension would be granted.

Don remained out of public view all day yesterday but the officials and his representatives made the usual low tide inspections on the beach. They made it clear he would not run today but thought that if expected northeast winds develop in the next 12 hours, he might run Friday. The beach now is better than it has been since a week ago Tuesday.

# Why we waited 6 months to announce this new oil to the public...

HUNDREDS of cars, of practically every make and model, were used in road tests under the toughest conditions possible, to prove the superior value of New Iso-Vis as a motor lubricant. These rigid tests were successful even beyond our expectations. The 4 points at the right give the details.

SAVE THE EXPENSE and bother of carbon removal. Again, thorough tests and experiments have proved that New Iso-Vis has less tendency toward carbon residue than other oils.

IN THIS EXPERIMENT which proves that New Iso-Vis does not "break down" in the crankcase, used Iso-Vis is poured thru a special filter. The filter removes the crankcase dirt only—and the oil itself is exactly the same as when freshly distilled.

LAST October, after a year of research, a new type of motor oil was perfected. It was announced to the public only four weeks ago.

The reason for this delay is easily explained.

We believed that this new oil is one of the most important advances in lubrication yet made. We believed, among other things, that it would greatly increase the average life of the automobile engine.

Naturally we wanted to give it the most thorough tests possible. These tests have taken six months to complete. More than a hundred different cars were used. One car was driven 9,000 miles—more than three times across the continent!

We can now definitely make the following statements:

1. New Iso-Vis means less wear on every moving part of the automobile engine.
2. It will not "thin out" in the crankcase.
3. It gives effective lubrication over a wider range of temperatures—both high and low.
4. It means a radical reduction of carbon deposits—far less than in most premium-priced oils.

With New Iso-Vis you get a type of lubrication that has not been possible before, regardless of the kind of oil you have used.

This new, improved oil is now on sale at all Standard Oil dealers and service stations. Drain, flush and fill up your crankcase today.

# New ISO=VIS Motor Oil

30¢ a quart

The New Polarine is also affected by our new refining processes—giving it a degree of lubricating efficiency which we believe is exceeded only by the New Iso-Vis. The price is 25c a quart.

STANDARD OIL COMPANY (Indiana)

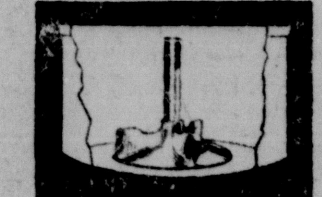

## See the Latest in Electric Washers

### MONEY TO LOAN

**Lowest Rate**  
**In Dixon on**  
**Household Loans**  
**\$100 to \$300**

By reason of large volume and by limiting our service to the large loans from \$100 to \$300 "Household" has been able to reduce the interest rate to almost one-third less than the charges permitted by law.

**Here is the Cost**  
**On 24-Month Payment Plan:**  
 \$100 average monthly cost ..... \$1.32  
 \$200 average monthly cost ..... \$2.64  
 \$300 average monthly cost ..... \$3.96  
 Our terms are the same as other amounts at same rate.

**WE DO NOT NOTIFY your employer, neither do we make inquiries of your friends, relatives or tradespeople.**

**NO ENDORSERS**—If you are unable to call at our office, phone or write and we will send a representative to your home.

**Household Finance Corporation**  
 Third Floor Tarbox Building  
 Stephenson and Chicago Sts.  
 FREEPORT, ILL.  
 Main 137

### LEGAL PUBLICATIONS

**NOTICE TO CONTRACTORS**. Sealed proposals addressed to the Board of Local Improvements of the City of Dixon, Illinois, and endorsed "Proposals for the furnishing of the labor and materials for the construction of reinforced concrete pavement, concrete combined curb and gutter, and concrete sidewalk on North Peoria Avenue in the City of Dixon, Illinois, as provided for in Local Improvement Ordinance No. 254. Series of 1930, will be received by the Board of Local Improvements of the City of Dixon, until 8:15 o'clock P. M. Tuesday, the 15th day of April, A. D. 1930, and will be publicly opened by the President of said Board of said City at a meeting of said Board of Local Improvements to be held in the City Chamber in the City Hall in said City, at said hour of 8:15 o'clock P. M., April 15th, 1930.

Said bids will be opened by the said President in the presence of a majority of said Board and shall remain on file in said President's office for at least 48 hours before an award of said contract is made to any competitive bidder. After the expiration of said 48 hours as above stated, said Board shall meet and determine the most advantageous bid for the said City and publicly declare the same.

The work for which said tenders are invited is for the construction of: 130 cu. yds. excavation; 500 cu. yds. fill; 640 lin. ft. curb and gutter; 1364 sq. yds. reinforced concrete slab; 3300 sq. ft. 4" concrete sidewalk; 15 lin. ft. 7" concrete header.

Each bid for the improvement must be accompanied by a certified check or cash for an amount not less than ten percent of the aggregate of such proposals. All certified checks must be drawn upon some responsible bank and payable to the order of said President in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board until all bids have been canvassed and the contract has been awarded. The certified check or cash for the successful bidder being conditioned upon his or their appearance within twenty days after having been notified of the award having been made to him, then, the said Board, by its or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to said Board in a sum equal to at least one-third of the amount of such bid, with sureties to be approved by the President of such Board and filed with such Board which bond shall provide that the contractor shall well and faithfully perform and execute said work in all respects according to the detailed and complete specifications and full and complete drawings, profiles and models therefor, and according to the time, and terms and conditions of the contract and also that the contractor shall promptly pay all debts incurred by such bidder or contractor in the prosecution of such work, including those for labor and material furnished, and all bids shall contain an offer to furnish such bond upon the acceptance of such bid.

All proposals shall be made upon blanks to be furnished by the Clerk of said City at his office.

Payment for the work for which tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by said Board of Local Improvements, which bonds shall bear interest at the rate of five per cent per annum. No bid will be accepted by said Board unless the party making it shall furnish sufficient capital to enable him successfully to prosecute such work.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality of such work and judge for themselves all the circumstances and conditions affecting such work. Specifications, maps, plans, profiles and ordinance aforesaid are on file at the office of the City Clerk of Dixon, Illinois.

The person to whom said contract for the construction of such improvement is awarded shall before the commencement of work under such contract provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois in the prosecution of such work.

The Board of Local Improvements reserve the right to reject any and all bids. Dated at Dixon, Illinois, this 25th day of March, A. D. 1930. President, George A. Campbell, Member, John A. Loftus, Member, Board of Local Improvements of the City of Dixon, Illinois. By E. E. Wingert, Attorney. 15
